PROFESSIONAL EXPERIENCE

➤ Barclays GSCPL

Senior Business Analyst – Risk Finance & Treasury

Pune, India
Dec-2022 - Present

Project1: Bank Acquisition: Risk Data Migration (Current)

- Leading a strategic post-acquisition Risk Data Migration program involving migration of over **2 million records** into Barclays' target Risk architecture, enabling seamless business transition and regulatory compliance.
- Partner with Business, Technology, Risk, Data Governance and ETL teams to define business requirements, transformation rules and migration strategy across **120+ critical data attributes**.
- Drive end-to-end business analysis including impact assessment, data lineage, gap analysis and business process alignment to support enterprise transformation initiatives.
- Facilitate stakeholder workshops to align business priorities, resolve data quality issues and ensure successful implementation across multiple global teams.
- Support Business Readiness through UAT planning, defect management, reconciliation activities and production validation ensuring data integrity and operational continuity.
- Contribute to Agile delivery by managing user stories, sprint planning and release coordination using JIRA and Confluence.

Project2: Fixed Income Product Onboarding (Previous)

- Delivered business analysis for Fixed Income product onboarding onto Barclays' Enterprise Risk platform supporting expansion into new financial products.
- Defined business requirements and functional specifications enabling automated Risk, P&L and valuation reporting while reducing manual effort by **30–40%**.
- Supported multiple production releases through data validation, UAT coordination and cross-functional stakeholder engagement.

➤ **Nucleus Commercial Finance Ltd**
Business Analyst (Operations Manager) – Supply Chain Finance
Products: Invoice finance

Mumbai, India
Mar-2016 – Nov-2022

- Played a key role in establishing the Invoice Finance business by supporting product design, operational setup and business process implementation as an early team member.
- Led Salesforce migration and business transformation initiatives ensuring successful migration of customer and operational data.
- Partnered with technology teams to automate business workflows resulting in **25–30% improvement in operational turnaround time**.
- Designed functional requirements for business enhancements, internal applications and reporting solutions supporting customer acquisition and operational visibility.
- Successfully onboarded **30+ corporate clients** onto HPD Lendscape while coordinating with Operations, Credit and Technology teams.
- Managed end-to-end operational processes including invoice finance, settlements, payments, reporting and risk controls while maintaining regulatory compliance.
- Delivered product training, user enablement and process documentation supporting organization-wide adoption.

➤ **ICICI Bank**
Deputy Manager – Asset Finance
Products: Commercial Finance, Tab Banking

Mumbai, India
Feb 2015 – Feb 2016

- Managed Asset Finance operations while supporting business process improvements and digital banking initiatives.
- Collaborated with business stakeholders to gather requirements for Tab Banking enhancements and process automation.
- Improved operational efficiency by ensuring timely loan disbursement, payment processing and customer servicing using Finacle and FinnOne.

➤ **Eclerx Financial Services Ltd**
Financial Analyst (Barclays) - Capital Markets
Products: OTC Derivatives, Futures & Options, Swaps

Mumbai, India
Oct 2012 – Jan 2015

- Managed end-to-end trade lifecycle operations across OTC Derivatives, Futures & Options supporting Barclays Capital Markets.
- Improved settlement accuracy through reconciliation, exception management and process improvements achieving **98% operational accuracy**.
- Supported UAT and process enhancement initiatives while collaborating with global stakeholders across Operations and Technology.

➤ **BNP Paribas**
Management Trainee (Internship) – Trade Finance

Mumbai, India
3 months

- Supported import/export remittance processing and trade document verification (LCs, Bills of Lading, etc.). Performed compliance checks and assisted in transaction settlement.

ACHIEVEMENTS

- Delivered enterprise Risk Data Migration supporting migration of over **2 million records** within Barclays' strategic acquisition program.
- Improved operational efficiency by **40–60%** through automation and workflow redesign initiatives.
- Successfully onboarded **30+ enterprise customers** during business expansion initiatives.
- Reduced manual processing by **30–40%** through Fixed Income Risk platform transformation.
- Recognized with multiple performance awards for delivery excellence, automation and transformation initiatives.
