

AML & Financial Crime Operations Leader with 12+ years across consulting, banking, and fintech, specializing in large-scale KYC/Transaction Monitoring transformations and control environments.

- ❖ Led TM/KYC operations and QA oversight for 120+ FTE, building scalable delivery models
- ❖ Delivered 8000+ KYC remediations and improved TM effectiveness through scenario tuning
- ❖ Executed Operations Target Operating Models (TOM) and supported global program rollouts
- ❖ Strong experience in QA frameworks, regulatory remediation, and control environments
- ❖ Currently expanding into on-chain compliance, blockchain analytics, and crypto risk frameworks

SKILLS

- ❖ Financial Crime Compliance: AML Risk Assessment, KYC/CDD/EDD, Transaction Monitoring
- ❖ Regulatory Compliance (FATF, FCA, EU AML directives, FIU India, RBI, SEBI, OFAC, MAS, VARA, CBUAE, SAMA, QCB, CBB, CBK), Crypto Compliance/VASP/Travel Rule
- ❖ Risk and Control: Control Testing, Audit readiness, MAP remediation
- ❖ Transformation: TOM design, Change Management, UAT, Process Re-engineering
- ❖ Leader Cross-functional leadership with Program Mgmt, WFM, Vendor Mgmt, Workforce Planning

TOOLS & PLATFORMS

- ❖ TM Systems: OFSAA(MANTAS), Actimize SAM, TRACER, SAS
- ❖ Screening Systems: World Check, RDC, Lexisnexis, DDIQ
- ❖ Analytics: Power BI, Advanced Excel, Google Sheets, SQL
- ❖ Network Analytics: Quantexa, Behavox
- ❖ Blockchain Analytics: Chainalysis, TRM Labs, KYT
- ❖ Automation: API integrations, no-code AI tools, Power Apps and Microsoft Azure
- ❖ Project Management: JIRA, Confluence

KEY ACHIEVEMENTS

- ❖ Improved Transaction Monitoring detection accuracy by 35% through scenario tuning and threshold optimization.
- ❖ Delivered 8000+ KYC remediations under regulatory timelines
- ❖ Built and scaled AML operations supporting 120+ FTE across QA and delivery
- ❖ Improved productivity by ~70% through AI-enabled workflow automation
- ❖ Delivered 24 FTE equivalent capacity savings through process optimization

WORK EXPERIENCE

PWC AC | Manager - Anti Financial Crimes Unit , Hyderabad | January 2021 to April 2026

2021 - 2022: Senior Consultant 2

2022 - 2026 : Manager

Leadership & Delivery

- ❖ Strategic people leader with a proven track record of managing large-scale operations and performance for up to 120 full-time professionals. Expert in driving career progression, designing targeted training programs, and managing diverse teams ranging from consultants and Subject Matter Experts (SMEs) to team leads.
- ❖ Designed and implemented governance frameworks (WBR/MBR/QBR) with KPI dashboards (productivity, quality, aging) improving decision making and reducing rework across onboarding and periodic review process
- ❖ Provided senior leadership and Board-level reporting on KYC risk exposure, operational gaps, and process standardization initiatives, strengthening First Line of Defense(1LOD) effectiveness
- ❖ Built cross-functional operating models in collaboration with Compliance Program Management, Analytics, QA and Workforce/Vendor Management teams to optimize staffing, productivity and quality benchmarks

Transformation & Advisory

- ❖ Led Policy & Procedure enhancements and Periodic Review transformation initiatives, including data/document refresh and design of a global periodic review operating model aligned with updated KYC regulatory requirements

- ❖ Delivered regulatory driven remediation by implementing bearer share policy changes, successfully completing 3000+ client file reviews with sustainable control enhancements
- ❖ Spearheaded AI enabled screening transformation initiatives, including automation strategy, API integration resolution, and transition to enhanced screening frameworks

Optimization & Innovation

- ❖ Identified process inefficiencies across AML/TM workflows and introduced target improvements
- ❖ Built a no-code AI enabled workflow integrating third-party screening data, reducing adverse media review effort by 40% and improving investigator productivity by ~70%
- ❖ Introduced continuous improvement practices across QA/QC, training, and operations to improve quality, reduce rework, and improve SLA adherence

PREVIOUS EXPERIENCE

HSBC PLC | Control Manager - Risk and Compliance, Bangalore| May 2017 - January 2021

2017 - 2019: Assistant Manager Operations

2019 - 2021: Risk Control Manager

As a Risk Control Manager

- ❖ Managed global AML control environment (KYC, TM, Screening) across 3 GCCs for UK and MENA regions
- ❖ Ran control evidence lifecycle; centralized artifacts in SharePoint by site/function for audit-readiness and efficient retrieval; partnered with Internal Control Testing and External Audit on observations and Management Action Plans
- ❖ Built tiered training plans to strengthen control awareness and reduce breach risk; improved consistency of control execution across sites

As an Assistant Manager

- ❖ Led a team of 15 senior analysts delivering L2 TM investigation/SAR recommendation for APAC, UK and MENA region for correspondent banking; owned SLAs/KPIs, scheduling, capacity planning, and performance management
- ❖ Managed Trade and communication surveillance team of 18 analysts monitoring trade at L1 and L2 for APAC and MENA regions
- ❖ Led AML response to post Brexit regulatory changes, managing 30% increase in alert volumes maintaining 100% SLA adherence with zero audit findings
- ❖ Transitioned TM from Actimize SAM to OFSAA UCM MANTAS; led UAT, scenario testing, and threshold tuning—reduced false positives and false negatives; improved suspicious activity alert accuracy by 35%
- ❖ Hired, trained and coached 60 member team across sites to transition from legacy system to MANTAS
- ❖ Directed UAT for Quantexa TBML scenarios with a 6 member team; triaged issues, and supported successful deployment of TBML detection capabilities
- ❖ Eliminated invalid RM escalations and duplicate steps for RFI process; completed "Project Filter," yielding capacity savings equivalent to 24 FTE while maintaining quality

ANZ Bank | Senior Analyst - Wealth Operations, Bangalore| June 2013 - May 2017

2013 - 2015: Analyst

2015 - 2017: Senior Analyst

- ❖ Performed TM L1, L2 monitoring and SAR recommendations across AU/NZ jurisdictions, covering key typologies such as Structuring, Mule accounts, Round Dollar wires, cash intensive activity etc
- ❖ Investigated complex financial crimes by evaluating suspicious activity flags like structuring, round-dollar transactions, Fast-In-Fast-Out movements, dormant account anomalies, and high-risk geography exposure
- ❖ Applied a robust Risk-Based Approach (RBA) to prioritize and execute investigations, tailoring due diligence and reporting based on the assessed threat level
- ❖ Acted as a SME for L2 Transaction Monitoring (Australia), enabling team capability uplift and advising the MLRO on high-risk investigations, SAR/STR decisioning, regulatory reporting and audit/regulatory engagements

Education : MBA in Finance from St Joseph's College, Bangalore (2014-16) : 6.4 CGPA

Certifications: Certified Anti Money Laundering Specialist (CAMS) since December 2023
