ABOUT ME

ServiceNow Developer | CSA & CAD Certified | 3.5+ Years of Experience

ServiceNow Developer with 3.5+ years of hands-on experience in ServiceNow Development, Administration, and ITSM implementations. Skilled in Incident, Problem, Change, SLA, CMDB, Service Catalog, and Knowledge Management aligned with ITIL best practices. Strong expertise in JavaScript, Glide API, Business Rules, Client Scripts, Script Includes, UI Policies, UI Actions, ACLs, and Flow Designer for workflow automation and platform customization. Experienced in REST API integrations, Scripted REST APIs, Import Sets, Transform Maps, Update Set deployments, and Service Catalog development. Proven ability to automate business processes, improve operational efficiency, reduce manual effort, and deliver scalable, secure, and business-aligned ServiceNow solutions in Agile environments.

- ITIL

WORK EXPERIENCE

SERVICENOW DEVELOPER | HCLTech Sep 2022 – Present | Hyderabad

- Developed and customized Business Rules, Client Scripts, UI Policies, UI Actions, and Script Includes for business process automation and platform customization.
- Worked extensively on ITSM modules including Incident, Problem, Change, SLA, CMDB, Service Catalog, and Knowledge Management aligned with ITIL best practices.
- Implemented REST APIs, Scripted REST APIs, Import Sets, and Transform Maps for integrations, data migration, and seamless communication with external systems.
- Created Catalog Items, Record Producers, Order Guides, Notifications, Reports, and Dashboards to improve operational efficiency and user experience.
- Managed users, groups, roles, ACLs, Update Sets, deployments, and production support activities across multiple ServiceNow environments.
- Worked extensively with GlideRecord and GlideAjax scripting to develop reusable and efficient server-side solutions.
- Configured inbound email actions, SLA workflows, scheduled jobs, and automated notifications based on business requirements.
- Participated in requirement gathering, Agile ceremonies, UAT support, troubleshooting, and post-deployment validation to ensure smooth project delivery and customer satisfaction.
- Developed and maintained Service Catalog Items, Record Producers, and Order Guides to streamline request fulfillment processes.
- Created and configured Reports and Dashboards to monitor SLA compliance, ticket trends, and operational KPIs.
- Supported data import activities using Data Sources, Import Sets, and Transform Maps while ensuring data accuracy and integrity.

CERTIFICATIONS

- SERVICENOW CERTIFIED SYSTEM ADMINISTRATOR (CSA)
- SERVICENOW CERTIFIED APPLICATION DEVELOPER (CAD)
