- **Banking & Fintech Domain:** Cards & Digital Payments (Credit/Prepaid, Apple Pay), Network Mandates (VISA, Mastercard, AMEX, Discover), Fraud/AML Prevention, PEP and OFAC compliance, Account Servicing & Modernization, Basel II/III Compliance.
- **End-to-End Project Management:** Full SDLC Delivery, Scope & Budget Management, Risk Baseline & RAID Management, Resource Capacity Planning, Executive Stakeholder Management, Vendor & Partner Alignment.
- **Agile & SAFe Delivery:** Scaled Agile Framework, Scrum, Kanban, Multi-Squad PI Planning, ART Syncs, Scrum of Scrums, Sprint Predictability & Velocity Optimization.
- **Digital Transformation & Architecture:** Digital Customer Journeys, Self-Service Account Servicing, Legacy-to-RESTful API Modernization, Microservices, Security & Step-Up Authentication (MFA, 3DS2), Card Tokenization, Authorization and Settlements, CI/CD DevOps Collaboration.
- **PMO & AI Automation:** Custom Generative AI/Copilot PMO Agents, Jira, Azure DevOps (ADO), Planview, Clarity, Rally, Executive Governance Dashboards.

PROFESSIONAL EXPERIENCE

FIS Global Business Solutions | Chennai, India

Value Stream Lead / Senior Project Manager & Delivery Lead

Apr 2021 – July 2026

- Directed end-to-end delivery roadmaps for 4–6 distributed cross-functional engineering squads delivering digital banking and payment compliance solutions.
- Maintained a 100% on-time record for critical card payment network compliance mandate releases across VISA, Mastercard, AMEX, and Discover.
- Resolved 95%+ cross-squad blocking dependencies ahead of PI execution, mitigating critical release blockers across multi-region banking deployment pipelines.
- Architected and deployed custom Copilot AI PMO workflows, automating RAID log tracking and executive status reporting, cutting consolidation time by 50%.
- Partnered with Enterprise Architects, Product Owners, and Client Stakeholders to drive digital customer journey modernization, delivering RESTful API and microservices architectures for real-time account servicing and tokenized card authentication.

FIS Global Business Solutions | Chennai, India

Project Manager / Agile Delivery Lead

Jan 2017 – Mar 2021

- Operationalized SAFe frameworks across 15+ global teams (120+ engineers), driving an average 20–25% increase in release velocity and reducing release cycle turnaround from quarterly to bi-weekly.
- Facilitated large-scale Agile Release Train (ART) syncs, quarterly Inspect & Adapt workshops, System Demos, and Scrum of Scrums for distributed teams across India and the US delivery centers.
- Elevated sprint commitment-to-delivery ratios from 65% to 88% and cut cycle time by 18% using data-driven retrospectives and Agile metric governance.
- Directed delivery for high-visibility digital initiatives including Apple Pay network tokenization rollout and specialized merchant spend-filtering platforms for Walmart.

FIS Global Business Solutions | Chennai, India

Project Manager / Scrum Master

Apr 2014 – Dec 2016

- Managed full-lifecycle delivery of core transaction-processing modules, transaction authentication engines, and financial technology platforms.
- Blended traditional PM controls (WBS baselines, RAID tracking, budget alignment) with Agile sprint cadence for cross-border banking clients.
- Ensured strict compliance with international security and financial standards across transaction processing systems.

Vertiv Inc. (USA) / Vertiv Development Center | Chennai, India***Project Manager*****Aug 2013 – Apr 2014**

- Managed technical delivery roadmaps for a dedicated banking technology center supporting multi-million-dollar accounts.
- Governed end-to-end regulatory compliance and risk management initiatives, including Basel II/III and Dodd-Frank regulatory reporting pipelines.

Dun & Bradstreet (D&B) | Chennai, India***Associate Manager - Projects*****Jun 2008 – Jul 2013**

- Delivered 4 international Credit Bureau platforms (Commercial, Consumer, Mortgage, Micro-Finance) for Central Banks across international jurisdictions (Oman, Qatar, Libya, Nigeria) under World Bank/IFC mandates.
- Structured end-to-end PMO governance, milestone tracking, and stakeholder reporting across distributed engineering, QA, and BA teams.
- Recognized with CEO and Customer Excellence Awards for on-time, within-budget international program delivery.

EARLY CAREER HISTORY

- **ICEGEN Computing | *Project Manager / System Analyst* (Nov 2003 – May 2008)**

Led technical project execution for enterprise client solutions, including asset-tracking systems for global financial clients (HSBC, Standard Chartered).

- **BIOSOFT | *System Analyst* (Jan 2000 – Nov 2003)**

Handled legacy software modernization and client-server migrations.

EDUCATION

- Master of Arts (M.A.) in Political Science
- Bachelor of Arts (B.A.) in Defense and Strategic Studies
