

CHANDAN KUMAR SAHOO

Senior Analyst, Trade Support | Mortgage-Backed Securities | Fixed Income Operations

+91- 9819273694 | chandanchiku1234@gmail.com | Mumbai, India

PROFESSIONAL SUMMARY

Trade Support professional with 3+ years in Fixed Income Operations, specializing in Mortgage-Backed Securities settlement and trade lifecycle management. Promoted to Senior Analyst within two years for consistently error-free execution under high-volume conditions. Known for turning manual, error-prone processes into automated, audit-ready workflows, and for being the steady point of contact onshore teams and clients trust during escalations. Looking to bring the same operational discipline to a larger fixed income or capital markets operations team.

CORE SKILLS

Trade Support & Settlement: MBS Trade Processing, Trade Lifecycle Management, AOT (Buy/Sell), TBA Netting Cycle, FICC/DTCC Platform, Trade Booking & Matching, Trade Break Resolution, Trade Reconciliation, Settlement Operations

Markets Knowledge: Fixed Income Securities, Mortgage-Backed Securities, Capital Markets, Derivatives

Tools & Technology: MS Excel (Advanced — VLOOKUP, Pivot Tables, VBA/Macros), MS Word, MS PowerPoint

Other: Process Improvement, Workflow Automation, Risk Mitigation, Client & Stakeholder Communication, High-Volume Transaction Management, Escalation Management

PROFESSIONAL EXPERIENCE

eClerx, Mumbai

Senior Analyst — Trade Support (Mortgage-Backed Securities)

July 2025 – July 2026

- Promoted to Senior Analyst in July 2025 in recognition of consistent accuracy, process improvement contributions, and reliability in high-volume MBS trade support.
- Own end-to-end Buy/Sell AOT processing for Mortgage-Backed Securities **with zero processing errors across 1,000+ trades per month**, ensuring accurate trade booking and matching via the FICC (DTCC) platform.
- Serve as primary point of contact for onshore teams and clients on complex trade breaks, discrepancies, and escalations, reducing resolution turnaround time.
- Developed Excel VBA-based automation for AOT processing that **reduced manual effort by 15%**, improved turnaround time, and minimized operational risk.
- Supported OTC and Fixed Income trade lifecycle activities, including trade booking, validation, confirmation, matching, settlement and exception management.
- Coordinated with Front Office, Sales, clients and onshore teams to resolve OTC trade discrepancies, breaks and settlement issues.
- Performed trade reconciliation and break resolution by investigating mismatches in trade economics, counterparty details, settlement instructions and transaction status.
- Managed post-trade processing for OTC transactions, ensuring accurate trade capture, timely confirmation and settlement within defined SLAs

Trade Support Analyst — Mortgage-Backed Securities

April 2023 – July 2025

- Processed Buy and Sell Assignment of Trade (AOT) for Mortgage-Backed Securities **with zero processing errors**, ensuring accurate trade booking and matching via the FICC (DTCC) platform.
- Maintained **100% accuracy** while managing high trade volumes during the TBA netting cycle, a critical high-risk settlement window for MBS operations.
- Partnered with onshore teams and clients to identify and resolve trade breaks, discrepancies, and escalations, improving client satisfaction.
- Developed automation tools to streamline AOT processing and reduce manual intervention.
- Recognised with the **Hall of Fame Award (June 2024)** and **Employee of the Quarter Award (March 2025)** for consistent accuracy and process improvement contributions.

EDUCATION

Bachelor of Commerce (B. Com) — University of Mumbai

July 2017 – October 2020

HSC — Odisha State Board

June 2015 – April 2017

SSC — Odisha State Board

March 2015

KEY ACHIEVEMENTS

- Hall of Fame Award (June 2024)** — for outstanding performance and contributions to trade support processes.

- **Employee of the Quarter Award (March 2025)** — for exceptional performance and delivering practical automation solutions that improved workflow efficiency.
