

DIPINA PRAJAPATI

PERSONAL SUMMARY

Trade Operations Specialist with strong hands-on experience in Equity settlement under CSDR regime, specializing in managing settlement cycles, fails resolution, and trade investigations. Proven track record of minimizing client exposure to penalties through proactive issue resolution and analytical problem-solving. Known for delivering high-quality results within strict SLAs while mentoring new joiners and driving process understanding.

EXPERIENCE

TRADE OPERATIONS SPECIALIST

May 2026 – Present

BNP Paribas,
Mumbai, India

- Prepared and analyzed daily and monthly CSDR penalty and reconciliation reports, ensuring accuracy and transparency of settlement-related data.
- Coordinated funding requests with Treasury to facilitate timely settlement of penalties and cash obligations.
- Executed trade amendments and Standing Settlement Instruction (SSI) updates to ensure accurate trade processing and settlement.
- Supported the end-to-end trade lifecycle, including trade updates, settlement activities, reconciliation, and resolution of settlement-related exceptions.
- Proactively identified risks and minimized client penalty exposure under the settlement discipline regime.

CLIENT REPRESENTATIVE ASSOCIATE 1

04/2024 to 02/2025

Bank of New York Mellon,
Pune, India

- Performed detailed root cause analysis of failed/pilfered trades, ensuring accurate attribution of penalties to responsible counterparties.
- Prepared and analyzed daily and monthly CSDR penalty and reconciliation reports, ensuring data accuracy and transparency.
- Initiated and coordinated funding requests with Treasury for penalty settlements and cash obligations.
- Managed daily analysis of CSDR penalty trades, proactively identifying risks and minimizing client penalty exposure.
- Executed trade amendments and static data updates (SSI changes) to ensure accurate trade processing and settlement.
- Supported onboarding and integration of new joiners through structured cross-training sessions and process guidance.
- Executed detailed UAT test scripts and contributed to achieving 100% test coverage prior to production release.

ANALYST

01/2022 to 02/2024

Accenture Services Private Limited,
Mumbai, India

- Ensured timely settlement of Euroclear market cash equity, prime brokerage, and stock loan trades as part of the fails management function.
- Analyzed high-value and complex trades, initiating timely escalation of buy-in trades to middle office and counterparties.
- Executed pair-offs, netting requests, trade amendments, and cancellations, ensuring accurate position alignment.
- Processed manual trade instructions, internal/external transfers, and ensured proper matching and settlement readiness.
- Ensured accurate confirmation tagging and linkage of pending trades to maintain settlement integrity.
- Investigated and resolved cash and stock breaks, ensuring accurate reconciliation of trading positions.
- Liaised with Euroclear agents and global stakeholders to track and resolve settlement issues in a timely manner.
- Gained working knowledge of CSDR regulation and its impact on settlement discipline and penalty management.
