PROFILE SUMMARY

Capital Markets Operations Associate with hands-on experience in corporate actions, fund setup, ISIN creation, dividend processing, reconciliations, and reference data management across European markets (AT, DE, CH, LI). Proven expertise in trade lifecycle support, process controls, QA/QC, and stakeholder management with global teams. Recognized with Rising Star and Extra Mile awards for operational excellence, accuracy, and leadership.

Work Experience

Capgemini

Associate

Mumbai

Oct 2024 – Jul 2026

- Managed end-to-end corporate actions lifecycle including dividends, amendments, fund setup, and ISIN creation across 4 European markets (AT, DE, CH, LI) with high accuracy and SLA adherence.
- Led daily allocations and workflow prioritization for multi-market event processing, improving turnaround time and reducing operational delays.
- Managed and maintained client and entity reference data, validating mandatory attributes and ensuring accurate, complete and consistent information across operational system
- Supported creation and maintenance of client hierarchies by validating entity relationships and ensuring accurate mapping of clients, accounts and related reference data within operational systems.
- Managed and validated client settlement instructions (Static SSI), ensuring accuracy and completeness of settlement account details and coordinating with relevant teams for timely system updates.
- Performed monthly and quarterly reconciliations of financial statements and transaction records, identifying discrepancies and strengthening process controls.
- Collaborated with Poland-based global teams and clients to resolve issues efficiently and improve stakeholder confidence.
- Delivered QA/QC reviews, defect identification, and root cause analysis to improve process accuracy and reduce repeat errors.
- Trained and onboarded new associates, improving ramp-up speed and team productivity.
- Coordinated with clients and global stakeholders to validate information, resolve discrepancies and ensure timely completion of time-sensitive operational deliverables

Hapag Lloyd

L7 Coordinator

Mumbai

Oct 2022 – Aug 2023

- Tracked shipments and containers based on client requests while maintaining SLA-driven communication.
- Prepared and maintained accurate reports and records to support operational transparency.
- Handled client communication through email and followed defined process and escalation guidelines.
