

GLADWIN ALBERT FALCAO

Regulatory Reporting Team Leader | SEC N-MFP, N-PORT & N-CEN | Financial Reporting | Fund Operations

Mumbai, India | +91 8007856811 | gladwinfalcao5993@gmail.com | linkedin.com/in/gladwin-falcao-33b0bb10

PROFESSIONAL SUMMARY

Financial Services professional with 8+ years of experience across Regulatory Reporting, Financial Reporting, Fund Operations and Collateral Management within global financial services environments. Hands-on experience in SEC regulatory reporting for N-MFP, N-PORT and N-CEN, supporting investment fund reporting through journal entries, portfolio holdings, reconciliation, risk metrics, liquidity classification, asset allocation and fund-level disclosures. Experienced in Money Market Fund reporting, including validation of security-level holdings, NAV, daily/weekly liquidity levels, WAM calculations, derivatives exposure, credit and interest-rate risk metrics, and investment portfolio data. Hands-on experience using BlackRock Aladdin to extract portfolio and derivatives holding reports for reconciliation with internal data, and Alteryx templates for automation of Excel-based console activities. Experienced in Team Leadership, including allocation and review of daily BAU activities for a team of 4, coordination with onshore teams and clients, and responding to client and auditor queries. Earlier experience includes financial reporting under US GAAP/IFRS and OTC derivatives collateral management.

PROFESSIONAL EXPERIENCE

J.P. Morgan Chase & Co. — Mumbai

Team Leader – Regulatory Reporting / Financial Reporting | April 2022 – June 2026

SEC Regulatory Reporting

- Led/supporting preparation and review of SEC regulatory reports including N-MFP, N-PORT and N-CEN for investment funds.
- Worked on N-MFP reporting for Money Market Funds, including validation of security-level holdings such as issuer name, maturity date and credit rating.
- Performed validation of NAV and daily/weekly liquidity levels and supported Weighted Average Maturity (WAM) calculations for Money Market Fund reporting.
- Worked on N-PORT reporting, including Chart of Accounts reconciliation, journal entries, portfolio holdings reports and risk metrics.
- Supported N-PORT reporting covering asset allocation, credit risk, interest-rate risk and derivatives exposure.
- Performed validation of liquidity classification and ASC 820-related reporting information.
- Worked on reporting of portfolio activities involving restricted securities, defaulted securities, collateral, repo/reverse repo and securities on loan.
- Supported N-CEN (Census Report) reporting covering fund type and structure, service providers, shareholder information, securities lending activities, fees and expenses.
- Used BlackRock Aladdin to extract portfolio holdings and derivatives reports and reconcile them against internal data.
- Used Alteryx templates to support automation of Excel-based console activities and reduce manual effort.
- Performed variance/reconciliation checks to identify discrepancies between source data and internal reporting data.
- Participated in UAT/JIRA testing for reporting-related automation and system enhancements.
- Coordinated with onshore teams and clients to resolve reporting queries and operational issues.
- Reviewed and responded to client and auditor comments, ensuring appropriate investigation and resolution.
- Managed daily BAU activities and provided task oversight for a team of 4, including work allocation and review of completed tasks.

Financial Reporting

- Prepared and reviewed Portfolio of Investments and financial statements, including Balance Sheet, P&L and Cash Flow statements.
- Performed adjustments to cost, market value and NAV of investments to align with Trial Balance.
- Conducted inter-consistency checks across financial statements, FAS 157 and FAS 161 tables, affiliate tables, footnotes and client-specific disclosures.
- Reviewed day-to-day activities in accordance with SOPs and agreed client deadlines and SLAs.
- Liaised with partner sites to coordinate external deliveries and communicate reporting status.
- Identified opportunities for process improvement and recommended changes to improve operational efficiency.

Ernst & Young LLP — Mumbai

Project Consultant – Financial Reporting | September 2021 – March 2022

- Prepared Annual, Semi-Annual and quarterly/NQ reports for clients.
- Supported preparation of Portfolio of Investments for investment funds.
- Worked with investment data covering derivatives including Futures, Forwards, Swaps and Options.
- Prepared portfolio and currency abbreviation glossaries to support financial reporting activities.
- Performed report-running activities for Annual, Semi-Annual and NQ fund reporting cycles.

SS&C GlobeOp Financial Services — Mumbai

Senior Associate – Collateral Management | June 2017 – April 2021

- Managed OTC derivative collateral and margin call activities for hedge fund clients under ISDA arrangements.
- Sent daily margin calls to counterparties through Acadia or manual email processes, based on agreed client/counterparty requirements.
- Reconciled portfolios and reviewed MTM calculations to agree or dispute margin calls received from counterparties.
- Prepared wires for agreed margin calls on a daily or T+1 basis, according to counterparty and client requirements.
- Performed daily cash flow and collateral booking activities and reconciled amounts received or paid against internal records.
- Identified and analyzed trends and recurring patterns in outstanding unmatched breaks within portfolios.
- Provided break analysis to clients to support investigation and resolution of recurring reconciliation issues.

LEADERSHIP & STAKEHOLDER MANAGEMENT

- Managed daily BAU work allocation and task review for a team of 4.
- Coordinated with onshore teams and clients to resolve operational and reporting queries.
- Reviewed client requirements and supported timely resolution of operational issues.
- Responded to client and auditor comments, coordinating internally to provide appropriate responses.
- Supported knowledge sharing and maintained quality across team deliverables.
