

HARSHIT PANDEY

Manager - Process Excellence | Enterprise Transformation | Lean Six Sigma Black Belt | Digital Transformation

9600158906 | mickey.harshit@gmail.com | Hyderabad, India

Lean Six Sigma Black Belt certified Process Excellence and Digital Transformation Leader with 14+ years of experience driving Enterprise Transformation, Process Excellence, Continuous Improvement, Lean Six Sigma deployment and Business Process Re-engineering (BPR) across BPO and Healthcare domains.

Proven expertise in leading Black Belt, Green Belt and Kaizen projects, implementing Process Mining (Celonis), Generative AI, UiPath and Microsoft Power Automate solutions to improve operational efficiency, productivity and customer experience.

Experienced in enterprise governance, executive stakeholder management, workflow transformation and AI-enabled automation delivering measurable business outcomes through cost savings, FTE optimization, productivity improvement, revenue enablement and cost avoidance.

PROFILE SUMMARY

- Seasoned Process Excellence Leader with around 14 years of experience driving process optimization, digital innovation & quality transformation across the BPO and healthcare domains.
- Proven track record in leading enterprise-wide Lean Six Sigma initiatives, delivering measurable improvements in cost efficiency, process standardization, and service quality.
- Strong expertise in digital transformation, Gen AI & RPA enablement, and data-driven decision-making, enabling scalable and sustainable business process improvements.
- Adept at partnering with senior leadership and cross-functional stakeholders to design and implement governance frameworks, operating models, and continuous improvement strategies.
- Demonstrated success in managing large, high-performing teams, fostering a culture of operational excellence, accountability, and continuous learning.
- Strategic thinker with strong capabilities in project management, risk mitigation, and business process re-engineering, ensuring alignment with organizational goals and industry best practices.

NOTABLE ACHIEVEMENTS

- Successfully delivered 3 Lean Six Sigma Black Belt projects, 7 Green Belt projects and 15 Kaizen initiatives improving operational efficiency and customer experience.
- Led Enterprise Workflow Management Tool transformation across 2 countries impacting 2,000 employees resulting in approximately US \$1 Million business savings.
- Spearheaded Generative AI initiatives including Knowledge Management Chatbot and AI-powered Payment Data Capture Solution.
- Implemented UiPath and Microsoft Power Automate based automation initiatives reducing manual effort and improving productivity.
- Leveraged Celonis Process Mining to identify process bottlenecks and automation opportunities enabling data-driven Process Excellence.
- Delivered measurable business outcomes through cost savings, productivity improvement, FTE optimization, revenue enablement and cost avoidance.

WORK EXPERIENCE

Cognizant Technology Solutions Pvt. Ltd, Hyderabad

Jan 2026 - Present

Manager - Process Excellence

Team Manager - Process Excellence | Mar 2022 - Dec 2025

Key Result Areas:

- Served as Process Excellence Manager leading Enterprise Process Excellence, Business Process Re-engineering (BPR) and Digital Transformation initiatives across multiple business units.
- Led Lean Six Sigma deployment using DMAIC, Process Mapping, Root Cause Analysis and Continuous Improvement methodologies to optimize business processes.
- Successfully delivered 3 Black Belt projects, 7 Green Belt projects and 15 Kaizen initiatives driving productivity improvement, cost optimization and operational excellence.

- Led Digital Transformation initiatives by identifying automation opportunities using UiPath and Microsoft Power Automate, preparing BRDs, business cases and implementation roadmaps.
- Leveraged Celonis Process Mining to identify bottlenecks, process deviations and automation opportunities enabling data-driven process optimization.
- Delivered Knowledge Management Chatbot using Generative AI improving access to SOPs, knowledge articles and operational documentation.
- Led enterprise Workflow Management Tool transformation across 2 countries impacting over 2,000 employees delivering approximately US \$1 Million business savings through workflow standardization and automation.
- Designed AI-powered Payment Data Capture Solution automating payment information extraction and validation reducing manual effort.
- Established governance mechanisms through KPI dashboards, executive reporting, transformation governance, risk monitoring and benefits realization.
- Presented weekly Process Excellence updates to Director-level stakeholders and monthly transformation reviews to Vice Presidents and senior leadership.
- Conducted cross-functional workshops, change management sessions and process improvement reviews supporting successful transformation adoption.
- Data Analytics & Insights: Analyzed operational data to identify root causes of issues and recommended actionable solutions to senior management.

Omega Healthcare Pvt. Ltd., Bengaluru

Sep 2017 - Jan 2022

Process Lead - Quality Assurance

Quality Control Analyst | Aug 2014 - Sep 2017

Key Result Areas:

- Quality Governance: Designed and maintained quality control frameworks, KPIs, and risk management protocols to ensure operational excellence.
- Root Cause Analysis: Conducted investigations to identify underlying causes of process non-conformities and implemented corrective actions.
- Process Optimization: Led continuous improvement initiatives, integrating technology and best practices to enhance operational efficiency.
- Stakeholder Communication: Regularly reported progress, escalations, and risk insights to senior management and collaborated to implement solutions.
- Team Leadership: Managed a 50-member quality team, providing training, mentorship, and guidance on process adherence and best practices.
- Process Monitoring: Supervised daily operations to ensure SLA compliance and workflow efficiency.
- Quality Assessment: Evaluated errors, performed trend analysis, and implemented preventive measures to improve service quality.
- Process Review & Recommendation: Partnered with leadership to audit operations, identify gaps, and recommend actionable improvements.
- Staff Mentorship: Trained and guided junior staff on quality standards, compliance, and continuous improvement initiatives.

EXL Pvt. Ltd., Cochin

July 2013 - July 2014

AR Analyst

Key Result Areas:

- Accounts Receivable Management: Verified insurance eligibility, managed follow-ups, and resolved billing discrepancies to ensure timely payments.
- Stakeholder Coordination: Maintained strong relationships with internal and external clients, ensuring compliance and accuracy in financial transactions.
- Performance Recognition: Awarded Star Performer consecutively for Feb'14 and Mar'14 for exceptional work quality and client satisfaction.

Inergizer India Pvt. Ltd., Noida

Apr 2012 - Nov 2012

Customer Support Executive - Xerox Process

Key Result Areas:

- Remote Troubleshooting: Provided technical support, ticket management, and resolution for client operations.
- Documentation & Reporting: Maintained accurate records of customer interactions, complaints, and resolutions.

- **Cross-Functional Coordination:** Collaborated with engineers and internal teams to ensure timely resolution of complex customer issues.

CORE COMPETENCIES

Operational Excellence	Digital Transformation	Lean Six Sigma (Green/Black Belt)	Process Improvement & Optimization
Robotic Process Automation (RPA)	Generative AI	Project & Program Management	Quality Assurance & Governance
Business Process Re-engineering (BPR)	Data Analytics & Insights	Continuous Improvement (CI)	Stakeholder Management
Risk Management & Compliance	Change Management	Cost Optimization & Efficiency	Team Leadership & Development

EDUCATION & CREDENTIALS

- **Bachelor of Technology (B.Tech), Electronics & Communication Engineering** - 2011 (60%)

CERTIFICATIONS

- Lean Six Sigma Black Belt - 2026 - Exemplar
- Lean Six Sigma Green Belt
