WORK EXPERIENCE

Pretium Enterprise Operations (PEO) | Bangalore

2026 – Present

Real Estate Private Equity Fund Accountant — US Shift

Fund accounting, investor reporting, and GL management for private equity real estate funds (US GAAP); Yardi specialist:

- Execute fund-level month-end close in Yardi, including preparation of journal entries, account reconciliations, and review of Balance Sheet, P&L, and Trial Balance across multiple private equity real estate fund entities and their underlying property holdings.
- Manage intercompany eliminations, fund-level wire transactions, and treasury entries within Yardi; oversee cash positions, investor distributions, capital calls, and escrow administration across fund vehicles.
- Perform bank reconciliations and maintain fixed asset registers in Yardi, covering capitalization, depreciation, and impairment reviews across real estate assets and fund-held properties.
- Conduct variance analysis (actual vs. budget/prior period) at fund and property level; deliver clear investor-ready narratives to senior management and US stakeholders under tight US-shift close timelines.
- Maintain Yardi-based accounting processes, SOPs, and internal controls to ensure fund audit readiness and compliance with US GAAP, SEC reporting requirements, and corporate policies.
- Collaborate with US Pretium fund managers, portfolio management teams, internal audit, and business unit personnel to address queries, support investor reporting, and drive Yardi system enhancements and process automation initiatives.

Deloitte | Bangalore

2026 (prior to PEO)

Assurance Associate — Private Equity Audit

Audit engagement for US-based private equity fund clients; focus on fund financial statements, investment valuations, and LP reporting integrity:

- Performed substantive testing on investment portfolios (equity, debt, and real asset holdings), fair value measurements under ASC 820, and income recognition — building deep understanding of PE fund structures, valuation methodologies, and return attribution across fund strategies.
- Worked for Clients - Blackstone, KKR.
- Tested fund NAV computations, waterfall calculations, carried interest accruals, and management fee allocations; identified variance drivers and reported control gaps to senior audit leadership.
- Audited LP capital accounts, capital call and distribution notices, and investor reporting packages; reviewed fund agreement terms to verify compliance with economic allocations and LP waterfall provisions.
- Supported SOX 404 testing and ISAE 3402 / SSAE 18 control reviews, documenting design and operating effectiveness across key fund financial reporting processes — developing strong command of PE fund governance, internal control frameworks, and regulatory compliance.
- Reviewed fund financial statements and footnote disclosures for compliance with US GAAP, coordinating with engagement teams to resolve accounting treatment, classification, and presentation issues ahead of reporting deadlines.
- Performed walkthroughs of accounting processes and internal controls for PE fund clients, documenting process narratives and control matrices used in audit risk assessment and planning.

PwC | Bangalore

2024 – 2025

Audit Associate — Asset & Wealth Management / Insurance / Banking

- Executed statutory audits for AWM, Insurance, and Banking clients; performed detailed testing on financial statements, NAV computations, and valuation models.
- Worked for Clients - JP Morgan, Goldman Sachs, Franklin Templeton, RBC, CIBC
- Prepared PBC schedules, reconciliations, and walkthroughs — developing structured skills in financial data management, management accounts preparation, and reporting package delivery.
- Coordinated with cross-border and cross-functional teams to ensure timely sign-offs, building experience with tight reporting deadlines, multi-stakeholder communication, and financial close cycles.
- Documented audit work in line with PwC GAM (Aura), demonstrating structured approach to financial data and reporting governance.
- Reviewed investment valuations and disclosures for AWM clients under US GAAP and Ind AS, verifying appropriate application of fair value hierarchies and valuation inputs.
- Assisted in planning and risk assessment procedures, including scoping of significant accounts and identification of key audit risks across engagements.
