

Ibrahim Khalilullah Khan A

Implementation Lead | Project Manager

Chennai, India | +91 90037 90379 | ibrahimgpt01@gmail.com | linkedin.com/in/ibrahim-khalilullah-khan-a-a688a743

PROFESSIONAL SUMMARY

Results-driven Implementation and Conversion Lead with 12+ years of experience delivering complex projects in Banking, Payments, FinTech, Fraud Management, and SaaS domains. Extensive expertise in card transaction lifecycle, payment switches, data field mapping, interface requirements analysis, and end-to-end conversion project delivery. Deep knowledge of FIS systems, banking industry operations, and industry-specific terminology across multiple verticals. Project Management Professional (PMP) Certified and Certified Scrum Master (CSM), with a strong record of independent judgement, team mentoring, strategic planning participation, and developing standards and guidelines for staff. Effective communicator across all levels of technical and non-technical personnel.

CORE COMPETENCIES

- Implementation and Conversion: End-to-end project delivery, data field mapping, interface requirements analysis, system configuration
- Banking and Payments Domain: Card transaction lifecycle, payment switches, fraud management, chargebacks, credit operations, dispute resolution
- FIS Systems: Advanced knowledge of FIS applications, banking industry relationships, and industry-specific operational standards
- Project and Program Management: High-complexity project management, risk identification, mitigation planning, timeline adherence
- Agile and Scrum (CSM Certified): Sprint planning, backlog grooming, daily stand-ups, sprint reviews, retrospectives, Agile coaching
- Stakeholder Management: Client calls, executive communication, escalation resolution, account status reporting
- Process Development: Standards, guidelines, SOPs, process documentation, staff education and mentoring
- Tools: Jira, Confluence, Vision Plus, ServiceNow (familiar), Agile dashboards, CRM platforms
- Communication: Client-facing email management, facilitating client calls, written and verbal communication across all levels

PROFESSIONAL EXPERIENCE

Implementation Lead/ Project Manager

06/2025 – Present

Resulticks Edge Solutions Technologies Pvt. Ltd.

- Orchestrate day-to-day project operations including team scheduling, workload allocation, and quality oversight across high-complexity engagements.
- Mentor and coach team members on best practices, serving as a role model; drove 15% improvement in team productivity through structured skill development.
- Elevated client satisfaction by 20% through enhanced account management strategies and proactive communication with technical and non-technical stakeholders.
- Led Voice of Customer (VOC) analysis and implemented targeted improvement actions, achieving a 25% rise in customer satisfaction index.
- Reduced customer complaints by 30% through strategic issue-specific action plans and process redesign.
- Resolved 90% of customer escalations through data-driven coaching and proactive stakeholder engagement.
- Delivered detailed account status reports to clients and senior management, ensuring transparency and timely issue resolution.

Implementation Lead Analyst

10/2022 – 06/2025

FIS Global

- Led complex implementation and conversion projects for banking and financial institutions within the FIS environment, managing end-to-end delivery timelines and cross-functional teams.
- Identified complex mapping and interface requirements for unique conversion projects; examined data field conversion requirements to ensure seamless system transitions per FIS standards.

- Implemented fraud management and fraud analysis tools for banking clients, improving operational efficiency, regulatory compliance, and card transaction processing integrity.
- Applied advanced knowledge of FIS systems and banking industry relationships to design and modify application configurations as a strategic business partner.
- Been part of developing, documenting, and implementing standards, guidelines, and process knowledge base materials for implementation team.
- Participated in strategic planning discussions; brainstormed alternative approaches to complex conversion challenges in unstructured situations requiring independent judgement.

Team Lead

05/2019 – 09/2022

Hexaware Technologies

- Led end-to-end Agile delivery cycles for technology implementation projects; mentored team members in Scrum methodology and served as a role model for best practices.
- Collaborated with business stakeholders to gather requirements, define scope, and drive project implementation from initiation through closure.
- Managed sprint backlogs, prioritized tasks, and improved team performance through effective backlog grooming and sprint discipline.
- Achieved 15% increase in team efficiency through structured Agile coaching and process improvements.
- Brainstormed and developed alternative approaches to complex implementation challenges, creating new ways to solve recurring problems.
- Effectively communicated project progress to all levels of technical and non-technical personnel.

Senior Process Associate

08/2014 – 05/2019

Tata Consultancy Services (TCS)

- Coordinated with global clients via live calls and email to track project deliverables and resolve implementation issues across multiple banking and financial services projects.
- Managed user stories, sprint tracking, and project documentation using Jira and Confluence.
- Conducted Agile retrospectives and implemented continuous improvement strategies across multiple delivery cycles.
- Monitored Agile workflows and optimized processes for higher operational efficiency.

Associate – Banking Operations

09/2013 – 08/2014

GE Capital Business Process Management Ltd.

- Managed SBI Cards operations using Vision Plus, overseeing card transaction lifecycle including disputes, credit postings, and chargebacks with correct reason codes — core banking and payments domain expertise.
- Handled customer escalations via email with precise, timely communication; supported 24/7 operations through Delite SharePoint.
- Gained hands-on experience in payment card operations, fraud indicators, and banking dispute resolution processes.

Technical Support Executive

01/2013 – 07/2013

C. Cubed Solutions Pvt. Ltd.

- Served as first point of contact for all technical queries; diagnosed and resolved issues via remote access tools in a 24/7 environment.
- Maintained CRM records and performed system optimization; managed hardware and network troubleshooting.

CERTIFICATIONS

- Project Management Professional (PMP) – Project Management Institute
- Certified Scrum Master (CSM) – Scrum Alliance
