JS

SUMMARY

I am a results-driven finance professional specializing in trade and cash operations, transaction reconciliation, and global settlements. With proven expertise in managing high-pressure environments while ensuring compliance with financial regulations, I am recognized for my problem-solving abilities and my commitment to operational excellence. My achievements include receiving the Bravo G Champ Award for outstanding contributions

EXPERIENCE

Ndx financial services

07/2026 - Present 📍 Mumbai

operation executive

- Executed end-to-end trade settlement activities across Equity and Fixed Income products, ensuring accurate trade matching, settlement instruction processing, and timely resolution of settlement exceptions.
- Prepared and maintained daily settlement and operational reports, including trade status, fail, reconciliation, and exception reports, ensuring accurate reporting to internal teams and stakeholders within SLA timelines.
- Monitored trade execution through settlement lifecycle, coordinating with counterparties, custodians, brokers, and internal teams to resolve unmatched trades, settlement breaks, and failed transactions while minimizing operational risk.

Associate II - Trade and Cash Operations

State Street Services Private Ltd

📅 07/2023 - 05/2026 📍 Mumbai, Maharashtra

A leading provider of financial services and investment management

- Reconcile cash and trade transactions via SWIFT and fax, ensuring adherence to currency deadlines and compliance guidelines
- Manage and resolve client queries using Inquiry Management Tools (IMT), handling escalations efficiently
- Process trade and cash reporting, ensuring the clearance of discrepancies before settlement deadlines
- Oversee pre-settlements for global markets, monitoring and validating SWIFT MT message types (MT540, MT541, MT542, MT543, MT103, MT202, MT299, MT599, MT N92, MT910)
- Generate and validate manual SWIFT messages for equities, bonds, cash payments, receipts, and FX transactions
- Ensure compliance with Authority Level Matrix (ALM) and market business rules
- Train and mentor new employees, facilitating a smooth onboarding process
- Handle core accounting settlements for Ireland-based portfolios (~20,000 portfolios), ensuring trades and FX transactions are settled within deadlines

EDUCATION

Bachelor of management studies (B.M.S)

Sevasadan College of Arts, Science and Commerce

📅 02/2020 - 02/2023 📍 Mumbai, Maharashtra
