

# JAVED H SHAH

Network Engineer | 9 years' experience | • Troubleshooting Expert

Phone: +91- 9881822332 Email: [onlyjs99@yahoo.com](mailto:onlyjs99@yahoo.com) LinkedIn: <https://www.linkedin.com/in/javed-shah>

Address: House no-17, Bharat Nagar, at post- BIDKIN, Aurangabad, Maharashtra, India, Pin code- 431105

## SUMMARY

Experienced network engineer skilled in managing and troubleshooting complex systems, adept at solving critical issues under pressure. Proficient in various protocols, I aim to leverage my expertise to contribute to a dynamic organization.

## KEY ACHIEVEMENTS

### Uptime Excellence

Managed network devices with minimum downtime incidents over past years.

### 2000+ Issues Resolved

Successfully resolved over 2000 complex network issues, enhancing total stability by 40%.

### Deployment Leadership

Led a team in configuring 100+ network upgrades with a 100% successful deployment rate.

## PROFESSIONAL EXPERIENCE

### Engineer, Core Operations

01/2022 – 06/2026

*GTT Communications*

Pune, India

- Supporting Juniper devices MX480/MX960, EX4200/EX4300/EX4500.
- Device up-gradation & Part replacement like Routing-engine, FPC, RE, PEM, SCB.
- Protocol config/Tshoot: MPLS, BGP, OSPF, EIGRP, RIP, Static/Default, BFD, RSVP, LAG.
- Resolved link flapping issues, packet drops, device reboots, and various hardware-related issues.
- Configured L2circuit/VLAN and VPLS.
- Involved JTAC for RCA & complex issues; created RMA & part returning processes.
- Conducted intrusive testing like MAC-SWAP-LOOP test & RFC2544 Testing.
- Configured and installed Accedian NID.
- Supported services: IP Transit, VPLS, Ethernet & Internet direct, NNI, Peering & Private Line.
- Worked with field engineers remotely to troubleshoot & resolve customer issues.

### Network Engineer

07/2017 - 01/2022

*IBM India Pvt. Ltd*

Pune, India

- Configured and troubleshoot protocols: MPLS, BGP, OSPF, EIGRP, RIP.
- Collected and analyzed logs for issue diagnosis/resolution.
- Managed Juniper devices: M10i, M120, MX240/MX480/MX960, EX4200/EX4300/EX4500.
- Managed Cisco routers and switches: ASR series, ISR series, Catalyst series.
- Performed daily health check-ups on core devices.
- Worked under pressure for service restoration and issue resolution.
- Handled core network-related issues, like link flapping and packet drops.
- Raised TAC cases based on service impacts and collaborated with Juniper TAC team.
- Conducted device upgrades and arranged joint calls with ATAC and clients.
- Provided RFQ/RCA to customers for service impacts.

## IT Specialist

Bajaj Auto Ltd

06/2015 - 05/2017

Waluj, Aurangabad, India

- Configured and troubleshoot connectivity issues of protocols: RIP, EIGRP, OSPF.
- Provided field support for network device installation and upgradation.
- Handled escalation cases and provided RCA; created GRE tunnels, VPNs.
- Installed and configured routers, switches, and access points.
- Configured EtherChannel, port security, and VTP.
- Handled CCTV installation and network printer troubleshooting.
- Set up internet connectivity solutions and office branch setups.

## Hardware & Network Engineer

SABMiller India Ltd (A global brewing company)

07/2014 - 08/2015

Aurangabad, India

- Troubleshot networking issues: TCP/IP, DNS, DHCP, Layer 2/3 devices.
- Configured VLANs and secure network with port security.
- Configured and tested multi-node networks using routers and switches.
- Managed internet connection sharing, driver installations, and DNS/DHCP configurations.
- Resolved operating system and software problems.
- Performed user management, system backup, and restore.

## TECHNICAL SKILLS

|                              |                                                                                                                                                             |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Routing/Switching:</b>    | MPLS, BGP, OSPF, EIGRP, RIP, VLAN, VRRP, LACP, HSRP, VLAN, STP, VTP, Etherchannel.                                                                          |
| <b>Hardware/Vendors:</b>     | Juniper (MX- 204/240/480/960, EX- 2300/4200/4300/4600, M10i, M120),<br>Cisco (2800 Series) , (ASR 1000, ISR 900,1000,   Catalyst Switch 4500-X, 9500, 9600) |
| <b>Protocols &amp; Core:</b> | TCP/IP, DNS, DHCP, IPv4, IPv6, NTP, SSH, Telnet, TFTP, SMTP, ARP.                                                                                           |
| <b>Others:</b>               | Service -Now, CMD, Solarwind, WeatherMap, Wireshark, WIFI   ACL  <br>Subnetting   Ethernet networks   password recovery.                                    |

## CERTIFICATIONS

- **Cisco CCNA V 3.0** (Verification ID: CSC013493762)
- **Juniper JNCIA** (Verification ID: JN0-103-JPR00305494)
- **Cisco CCNP Course Completed**

## STRENGTHS

- **Eager Learner:** Fast & adaptable.
- **Team Player:** Works well under pressure.
- **Confidence:** Driven & determined.

## EDUCATION

### BCA (Bachelor of Computer Applications)

Dr. Babasaheb Ambedkar Marathwada University • Aurangabad

### HSC

Aurangabad Board • Aurangabad

### SSC

Aurangabad Board • Aurangabad
