Senior Financial Analyst Jan 2025 – Present

- Experienced in NAV calculation and Fund Accounting, ensuring accurate valuation of portfolios by reconciling trades, cash flows, corporate actions, and market prices
- Managed trade capture, enrichment, and confirmations for Ultra High-Net-Worth clients and Buy-Side firms, ensuring seamless T+0 pre-matching and settlement.
- Acted as primary escalation point for Front Office desks, resolving trade breaks, mismatches, and urgent discrepancies to minimize settlement failures.
- Executed bulk uploads, pre-upload validations, and STP break investigations (security setup gaps, SSI errors), improving STP efficiency.
- Confirmed complex instruments (Reverse Repos, Bonds, Equities, CDs, CPs, Swaps) using CTM, Finastra, Fund Connect, and internal booking platforms.
- Applied business day conventions and day-count methodologies for accurate cash flow projections.
- Designed exception-based controls, reconciliation workflows (TLM, Duco), and automated checklists to reduce manual errors.
- Prepared MIS reports, KPIs, and defect logs to monitor trade processing performance.

Northern Trust - *Middle Office Trade Confirmations and Settlements Operations* **Pune, MH**

Financial Analyst Jul 2022 – Dec 2024

- Oversaw end-to-end trade lifecycle processing across Bonds, CDs, CPs, Equities, FX, Derivatives, and Money Market instruments.
- Work on trade flow - Trade enrichment, Trade capture, Trade confirmation, and executing SWIFT instructions.
- Reconciled Front Office blotters against downstream systems to prevent settlement failures and reconciliation breaks.
- Served as SME for process migrations and transitions, ensuring SLA compliance and operational continuity.
- Coordinated time-critical settlements with traders, brokers, custodians, and fund accounting teams.
- Maintained static data accuracy, SSI validation, and counterparty setup for clean downstream STP.
- Executed SWIFT messages (MT541, MT543, MT599) and processed high-value payments within strict cut-offs.
- Demonstrated expertise in global custody and settlement systems (DTC, FED, Euroclear, Clearstream, CREST).
- Prioritized trades based on value, currency sensitivity, and market risk, reducing fail exposure.
