

**JEETU AHUJA** Investment Banking operations | OTC Derivatives Specialist

jeetuahuja1704@gmail.com | 8208041550 | Mumbai | linkedin.com/in/jeetu-ahuja

**PROFESSIONAL SUMMARY**

Investment banking Operations Analyst with 1.8 years of experience supporting OTC Equity Derivatives and FX trade lifecycle and post-trade operations. Proven expertise in trade lifecycle management, trade confirmations, client affirmations, break resolution, exception management, and stakeholder collaboration across Front Office, Middle Office, Legal, Credit, and Settlements teams. Recognised twice with the eClerx Values Award for operational excellence, bringing a proven track record of delivering accurate, timely, and risk-controlled post-trade support.

**PROFESSIONAL EXPERIENCE**

**eClerx Services Ltd, Analyst – Financial Markets Operations** 10/2024 – 07/2026  
Mumbai

- Managed the end-to-end confirmation lifecycle for OTC Equity Swaps, Options, and FX transactions, processing 100–200+ trades daily while maintaining high accuracy in a fast-paced, time-sensitive post-trade environment.
- Coordinated with Front Office, Middle Office, Legal, Negotiations, Credit, and Settlements teams to resolve trade economic and non-economic discrepancies, minimise trade breaks, and ensure timely confirmation of transactions.
- Liaised with clients, counterparties, and internal stakeholders to obtain outstanding confirmations/affirmations, resolve trade discrepancies, and ensure timely completion of post-trade activities within SLA.
- Investigated trade exceptions through root cause analysis, identifying recurring issues and contributing to process improvements that enhanced operational efficiency and reduced repeat exceptions.
- Monitored ageing trades and maintained closure trackers, providing management with visibility into outstanding exceptions, trade status, escalation priorities, and pending client/counterparty actions.
- Collaborated with global stakeholders to drive timely resolution of critical exceptions while ensuring adherence to internal service-level expectations.
