PROFESSIONAL SUMMARY

Results-driven IT and Finance Process professional with 4.10 years of experience in IT Service Desk operations and Supply Chain Finance. Proven track record of independently managing end-to-end buyer programs, optimizing workflows, and delivering exceptional client support. Expertise in process coordination, technical troubleshooting, Active Directory, ServiceNow, and financial documentation. Adept at managing multiple projects simultaneously while maintaining high quality standards and meeting tight deadlines.

PROFESSIONAL EXPERIENCE

Process Lead - Supply Chain Finance *Capgemini - MUFG Bank (Magellan)*

January 2023 – Present
Bengaluru, India

- Independently designed and executed complete setup packages for buyer programs across multiple countries, including supplier agreements, RPA configuration, margin rates, and fee structures
- Served as primary point of contact for clients, gathering requirements, resolving concerns, and delivering customized solutions aligned with business needs
- Managed buyer program customization ensuring compliance with contractual agreements and local regulations across different geographic markets
- Developed optional discounting packages and additional buyer forms with 100% accuracy in documentation
- Conducted comprehensive package reviews with clients, incorporating feedback and implementing improvements to enhance process efficiency
- Coordinated end-to-end workflow from package creation through supplier enrollment to SCF backend processing
- Ensured all documentation met internal policies and external regulatory compliance standards before submission
- Successfully managed multiple concurrent projects independently, consistently meeting quality standards and deadlines
- Provided strategic feedback based on client interactions to optimize package quality and operational efficiency
- Maintained precise documentation for all financial elements including margin calculations and fee structures

Software Analyst - IT Service Desk *Capgemini - Zebra Technologies & MUFG Bank*

June 2021 – December 2022
Bengaluru, India

- Provided comprehensive IT service desk support for Zebra Technologies and MUFG Bank, managing high-volume tickets, customer support chats, and technical calls
- Administered MS Office licenses using admin access, ensuring seamless allocation and access control for clients
- Demonstrated expertise in Active Directory for user management, permissions, and security group administration
- Performed technical troubleshooting via remote sessions, achieving effective and timely resolution of incidents
- Utilized ServiceNow platform for accurate incident documentation, tracking, and reporting
- Escalated high-priority incidents (P2, P3, X-Matter) and collaborated with Level 2/3 support teams to identify root causes and implement proactive solutions
- Acted as Subject Matter Expert (SME) in Team Lead's absence, managing ticket queues and delegating tasks effectively

- Successfully managed MUFG account migration period, ensuring smooth domain conversion with minimal disruption
- Created VPN certificates and Distribution Lists using Active Directory for secure access management
- Categorized, recorded, and resolved reported queries while maintaining comprehensive service desk reports
- Monitored incidents from initiation through resolution, escalating unresolved issues to appropriate stakeholders
- Managed support requests across multiple channels including email, chat, and telephone
