- Conducted market research across 100+ enterprise prospects, identifying buying signals, competitive insights, and new business opportunities.
- Developed 15+ executive presentations, solution proposals, and account recommendations tailored to customer business objectives.
- Coordinated 5+ cross-functional teams, including delivery, engineering, marketing, and client stakeholders to execute enterprise customer initiatives.
- Served as a trusted advisor by aligning technology and digital transformation solutions with customer business priorities.
- Improved lead conversion by 25% through structured account planning, personalized outreach, and consultative engagement.

- Expanded reach to 10+ key client accounts, securing 2 Cr+ in high-value partnerships and driving revenue growth for Leroc.
- Increased lead conversion rates by 25% through multi-channel campaigns, adding 3cr + to the sales pipeline
- Strategic Advisor to 2 global logos on branding and retail marketing strategies, boosting in-store visibility and customer engagement.
- Designed and drove the strategy for 20+ client outreach campaigns and interactive pitch decks, increasing client acquisition.
- Led cross-functional teams across 3 departments to deliver branding projects, enhancing customer experience and service efficiency
- Identified 2cr+ in new business opportunities
- Tracked and optimized sales KPIs
- Managed the complete sales lifecycle, from prospect identification and proposal development to commercial negotiations, contract finalization, and cross-functional coordination for seamless project delivery

Tata Elxsi – Account Manager

FEB 2021– OCT 2024

- Managed a portfolio of 10+ strategic enterprise accounts valued at ₹12 Cr+, driving customer retention, executive engagement, and long-term account growth across Automotive, Manufacturing, Healthcare, and Communications industries.
- Developed and executed strategic account plans, identifying cross-sell and expansion opportunities that contributed to 25–30% portfolio growth while aligning digital engineering solutions with customer business objectives.
- Partnered with pre-sales, engineering, delivery, and leadership teams to deliver 25+ enterprise transformation opportunities, ensuring alignment between customer requirements and solution strategy.
- Led 70+ executive business reviews, discovery workshops, and stakeholder meetings with CXOs, engineering leaders, procurement teams, and business decision-makers to strengthen relationships and identify new opportunities.
- Developed 35+ commercial proposals, RFQ responses, and business cases, supporting complex enterprise sales cycles and contract negotiations.
- Coordinated 6+ cross-functional teams across engineering, delivery, finance, legal, alliances, and marketing to execute complex customer engagements and ensure seamless project delivery.
- Organized 12+ executive customer engagement programs, innovation workshops, and alliance-led events to strengthen strategic relationships and generate expansion opportunities.
- Improved qualified lead-to-opportunity conversion by 30% through structured account planning, consultative engagement, and personalized customer outreach.
- Won 3 strategic enterprise customers through value-based solution selling, executive relationship management, and consultative business development.

Ecommerce Website – Marketing Lead

FEB 2019– DEC 2020

- managed an end-to-end e-commerce business, overseeing digital strategy, online merchandising, customer acquisition, and daily operations.
- Developed and executed digital marketing initiatives across organic and paid channels to drive website traffic and customer engagement.
- Monitored website performance, customer behavior, and sales metrics to optimize conversion rates and improve the online shopping experience.
- Managed product sourcing, supplier relationships, pricing strategy, inventory coordination, and order fulfillment to ensure seamless operations.
- Leveraged analytics to identify growth opportunities, optimize marketing performance, and support data-driven business decisions.
- Enhanced customer satisfaction by streamlining order management, resolving customer inquiries, and improving post-purchase experience.

ICICI Bank Wealth Management – Relationship Manager

JUN 2017– NOV 2017

- Managed a portfolio of high-net-worth (HNW) clients, delivering personalized wealth management solutions aligned with their financial objectives.
- Strengthened client relationships through proactive engagement, financial reviews, and tailored investment and banking recommendations.
- Collaborated with product specialists and cross-functional teams to deliver comprehensive wealth management solutions and enhance the client experience.
- Drove portfolio growth through client acquisition, cross-selling, and deepening existing relationships while ensuring regulatory compliance and service excellence.
