PROFESSIONAL EXPERIENCE

Senior Marketing Manager, Brand, Content & GTM | Zyter TruCare

Jul 2024 / Apr 2026

AI-powered care management SaaS platform serving payer and provider segments across US healthcare markets (~300 employees)

- ▮ Owned end-to-end brand eminence and messaging architecture, developing value propositions, positioning frameworks, and narrative systems deployed across client-facing, digital, and internal stakeholder touchpoints.
- ▮ Built and managed a structured content engine producing 20+ assets annually, long-form thought leadership, sector whitepapers, solution briefs, and video scripts, establishing the organisation as a credible

voice among healthcare payer and provider buyers.

- ▶ Led end-to-end commercialisation of enterprise technology solutions, translating product capabilities into differentiated positioning, GTM strategies, demand-generation programs, and revenue opportunities
- ▶ Deployed marketing performance dashboards tracking pipeline contribution, campaign ROI, and spend efficiency, providing senior leadership with their first integrated view of marketing's commercial impact.
- ▶ Developed 15+ pursuit support assets including playbooks, competitive battlecards, solution narratives, C-suite presentations, and sales enablement materials, improving proposal win rates by 10-15% and compressing enterprise sales cycles.
- ▶ Architected full-funnel GTM strategy for three flagship product capabilities, translating product value into clinically relevant messaging and enabling client-facing teams to lead stronger stakeholder and buyer conversations.
- ▶ Lifted email engagement 22% and improved MQL-to-SQL conversion 18% through advanced persona modelling and precision segmentation across digital, outbound, and event channels.
- ▶ Ran structured voice-of-customer and stakeholder feedback loops across payer and provider engagements, consolidating recurring needs and pain points into prioritised insights to strengthen product messaging and GTM decisions.
- ▶ Partnered with Product, Operations, and Change stakeholders to translate customer and business feedback into clear product requirements, user stories, and measurable value propositions, ensuring product capabilities aligned with stakeholder needs and adoption priorities.
- ▶ Supported product adoption initiatives through launch readiness, stakeholder communications, enablement materials, and training inputs, tracking engagement and feedback to refine messaging and rollout plans.
- ▶ Led stakeholder engagements to present product capabilities, articulate business outcomes and change impacts, address stakeholder concerns, and build advocacy for adoption across enterprise accounts.

Senior Marketing Manager, NA & APAC | Gramener (Data & Analytics SaaS) Jan 2023 / Dec 2023

Client- State Street

AI-powered data storytelling and analytics platform serving Fortune 500 enterprises across financial services, supply chain, and ESG verticals (~250 employees)

- ▶ Established the regional marketing function from zero, building brand positioning, product/service messaging, eminence strategy, digital channels, and ABM programmes simultaneously across two international markets within 90 days of joining.
- ▶ Owned thought leadership and sector content programme, producing practitioner-level long-form content, executive narratives, and data-driven perspectives that positioned Gramener as a credible voice among Fortune 500 data and analytics buyers.
- ▶ Built and owned a \$10M marketing-sourced pipeline, converting \$5M+ in closed revenue at average deal sizes above \$150K, making marketing the single largest commercial growth driver at 35% of company targets across NA and APAC.
- ▶ Launched targeted ABM programme engaging 20 strategic enterprise accounts, generating 4 qualified opportunities through account-specific content and direct C-suite engagement programmes.
- ▶ Grew LinkedIn organic engagement 30% in 6 months by replacing promotional brand content with sector-specific practitioner narratives that enterprise buyers actively shared and engaged with.
- ▶ Recruited and scaled a 15-member cross-functional team across demand generation, digital marketing, inside sales, content, and marketing operations, with full P&L accountability across a \$75K programme budget.
- ▶ Activated global eminence through tier-1 event presence, Reuters Supply Chain Summit (USA) and AWS ESG Summit (Singapore), generating 43 qualified leads at 25% conversion.
- ▶ Worked with **State Street** on BFSI-focused enterprise technology, data/analytics, and digital transformation initiatives, supporting business requirements and technology-enabled process improvements.

GTM & Brand Strategy Consultant | Independent Practice

Dec 2023 / Jul 2024

Embedded marketing leadership for early-stage B2B SaaS companies, brand positioning, eminence strategy, and GTM architecture on a retained basis

- ▮ Designed brand positioning and messaging architecture for multiple B2B SaaS clients, producing positioning documents, ICP definitions, value propositions, and messaging hierarchies that served as the strategic foundation for client-facing websites, sales narratives, and outbound programmes.
- ▮ Built content and demand generation programmes, editorial calendars, thought leadership strategy, email sequences, and LinkedIn content, delivering measurable organic traffic improvements and inbound lead quality within 60-90 days.

Marketing Manager, Brand & Digital Growth | Evergent (Subscription & Revenue Management SaaS)

Dec 2020 / Jul 2022

Subscription and revenue management SaaS platform for media and entertainment enterprises (~400 employees)

- ▮ Led the Evergent Brand 2.0 transformation, redefining brand identity, visual standards, messaging architecture, and tone of voice; rebuilt website UX around enterprise buyer intent, directly improving inbound quality and shortening the consideration stage.
- ▮ Owned full-channel digital marketing, SEO/SEM, paid digital, social, display, and email, with each channel mapped to a specific stage of the enterprise buying journey and tracked against conversion targets.
- ▮ Contributed to 25% of company revenue objectives through 30+ integrated marketing programmes spanning digital, outbound, events, and customer engagement, a mix of marketing-sourced and influenced pipeline.
- ▮ Managed and mentored a multi-functional marketing team, improving campaign time-to-launch and eliminating execution gaps that had previously caused missed market windows.

Marketing Manager | MOURI Tech (SAP & Oracle Enterprise Services)

Nov 2019 / Dec 2020

Clients- S&P Global, Jefferies, and Lazard

Enterprise technology services company specialising in SAP and Oracle implementation (~300 employees)

- ▮ Established the first formal marketing function, building brand voice, content workflows, and digital infrastructure from scratch, transforming marketing from an ad-hoc activity into a structured commercial growth driver.
- ▮ Executed service-line GTM strategies for SAP and Oracle solutions, translating technical capabilities into compelling value propositions aligned with C-suite buyer priorities, contributing to 2-3 enterprise deal closures.
- ▮ Represented MOURI Tech at SAP Sapphire and ServiceNow, building brand presence among enterprise buyers and opening net-new commercial conversations with prospects previously unaware of the firm.
- ▮ Supported **S&P Global, Jefferies, and Lazard** on enterprise technology, SaaS, data/analytics, and digital transformation use cases, partnering with stakeholders to identify requirements and deliver data-driven solutions.
