

# POORNACHANDER MARATHA

ESG & Sustainability Advisory & Assurance · Reporting · GHG Accounting · Decarbonisation · Ratings (Eco Vadis · CDP · DJSI)

Hyderabad, India • +91 95152 25748 • chasandhu@gmail.com

## PROFESSIONAL SUMMARY

- ESG & sustainability professional with **12 years' total experience - around 5 focused on ESG advisory, reporting and disclosure, assurance, GHG accounting and decarbonisation**; client-facing across India, EU and US.
- **Advisory across the career:** Advisory to client ESG strategy, reporting readiness/report preparation and decarbonisation roadmaps at Tech Mahindra, SGA and non-conflicted advisory (independence maintained) alongside assurance at DNV.
- **Assurance as a backstop:** ISO 14064 GHG Lead Verifier and ISAE 3000 assurance experience across 24+ listed corporates, including the reporting and GHG inventories along with other environmental, social and governance KPIs.
- **Ratings & submissions:** Coordinated Eco Vadis, CDP and DJSI submissions; hands-on GHG Protocol Scope 1/2/3 carbon accounting and LCA
- **Sector coverage:** Pharma & life sciences, Financial services, IT/services, F&B, Logistics and retail - across advisory, in-house and assurance work.

## CORE COMPETENCIES

**Advisory & Strategy:** ESG strategy & roadmaps · Reporting framework readiness · Double materiality · Decarbonisation roadmaps · Internal carbon pricing · Climate risk & scenario analysis

**Reporting & Disclosure:** GRI · BRSR / BRSR Core · CSRD / ESRS · TCFD · CDP · SASB · IFRS S1/S2 · Integrated Reporting · UN SDGs

**Ratings & Submissions:** EcoVadis · CDP · DJSI · WBA

**GHG & Carbon:** GHG Protocol Scope 1/2/3 · ISO 14064 (Lead Verifier) · Carbon accounting · LCA / product carbon footprint · SBTi (working knowledge)

**Assurance & Data:** ISAE 3000 · ISO 14064 verification · ESG data governance & controls · Audit readiness · Gap assessments

**Delivery & Tools:** Multi-site engagement delivery · Budget & milestone management · Power BI dashboards · Advanced Excel · LCA & ESG reporting platforms (working knowledge) · Stakeholder engagement · ESG training

**Sector coverage:** Pharma & life sciences · Financial services · IT / services · F&B · Retail · Infrastructure & industrials

## PROFESSIONAL EXPERIENCE

**Senior Assessor – Sustainability (Advisory & Assurance) | DNV Business Assurance India Pvt Ltd, Hyderabad** Jul 2024 – Jul 2026

**Advisory (separate, non-conflicted clients - assurance independence maintained)**

- **ESG data governance & reporting readiness:** Advised clients on ESG data governance, internal controls and reporting processes, enabling BRSR compliance and GRI alignment; ran GRI / BRSR readiness and gap assessments across 45+ indicators.
- **GHG & decarbonisation advisory:** Developed GHG inventories and emission profiles on advisory engagements and advised on decarbonisation and energy-transition observations within client climate transition plans.
- **Materiality & disclosure:** Ran GRI / CSRD-aligned double materiality assessments and stakeholder engagement, identifying material topics and scoping TCFD-aligned climate-related disclosures.

**Independent assurance & verification (ISAE 3000 · ISO 14064)**

- **Independent assurance:** Delivered ISAE 3000 (Revised) limited and reasonable assurance over sustainability disclosures for 24+ listed corporates, against GRI, BRSR Core and entity-defined criteria.
- **GHG verification:** Verified Scope 1/2/3 GHG inventories (GHG Protocol / ISO 14064) across 75+ manufacturing and industrial sites over two reporting years, testing activity data, emission factors and calculation methodology, on-site and by desk review.
- **Findings, supply chain & reporting:** Raised 12–15 findings per engagement and 20+ per gap assessment; led tier-1 supplier ESG due diligence to 95% control-gap closure within a quarter; presented findings and remediation roadmaps via Power BI to C-suite and audit committees at 10+ organisations, with ~80% of clients improving data quality in the next cycle.

**Technical Lead – ESG Solutions & Advisory | Tech Mahindra, Hyderabad**

**Aug 2022 – Jun 2024**

**Client advisory & consulting**

- **Strategy & decarbonisation:** Developed ESG reporting-strategy recommendations and decarbonisation roadmaps for clients, framing assessments and translating framework requirements into actionable implementation plans.
- **Business development & delivery:** Converted two client engagements worth ~US\$105K combined, a cradle-to-gate LCA programme (\$85K, 8 months) and a sustainability-reporting advisory engagement (\$30K); scoped, budgeted and delivered end-to-end, presented digital tech and advisory solutions at CSO / CTO / Sustainability leadership levels for ESG initiatives, data tracking, and reporting.

**Corporate reporting, ratings & carbon (in-house — Tech Mahindra)**

- **Corporate reporting:** Tech Mahindra's in-house sustainability reporting and BRSR and contributed to the Integrated Report (<IR> Framework) aligned with GRI, SASB, DJSI, TCFD and UN SDGs - KPI data collection, framework mapping and disclosure drafting across business units.
- **EcoVadis, CDP & DJSI:** Coordinated Tech Mahindra's EcoVadis submission and contributed to CDP and DJSI disclosures, compiling and validating data and driving performance improvement across environment, labour, ethics and sustainable-procurement themes.

- **Carbon management & enablement:** Contributed to internal carbon-pricing framework development and applied MAC-curve abatement prioritisation to decarbonisation planning; completed PSCI supplier self-assessments as a service supplier to pharma clients; delivered 4–5 sustainability training sessions reaching 25+ stakeholders each.

**Lead Analyst – ESG Research & Solutions** | SG Analytics, Pune

**Jan 2022 – Jul 2022**

- **Advisory report preparation (financial sector):** Led a 5-analyst team on ESG / sustainability report preparation for financial-institution clients, overseeing disclosure alignment and framework mapping through a structured QC process.
- **Regulatory & benchmarking:** Executed SFDR and EU Taxonomy alignment and ESG ratings/controversy screening across 120+ portfolios; directed ESG benchmarking of the top 50 F&B companies against the World Benchmarking Alliance framework.

**Senior Environmental Engineer** | Ramky Enviro Services, Hyderabad

**May 2018 – Dec 2021**

- **Environmental & social assessment:** Led EIA / ESIA and environmental & social impact assessment across 15+ infrastructure and industrial projects under MoEFCC guidelines and World Bank / IFC Performance Standards - air, water, waste, ecology and socio-economic parameters; applied circular-economy approaches to waste and resource management.
- **Stakeholders & budgets:** Ran structured stakeholder and community consultation across 7+ projects; managed project budgets (~US\$100K) with milestone invoicing and utilisation tracking; Reported CSR and socio-economic baseline studies

• **Consulting Environmental Engineer** | Universal Enviro Associates, Hyderabad

**Jan 2016 – Apr 2018**

- Delivered environmental monitoring and assessment programmes (air, water, waste, emissions, socio-economic) across industrial sites; identified opportunities through tender analysis and mentored junior team members.

**Earlier Roles** | Sri Sai Manasa Nature Tech; Universal Enviro Associates

**2005 – 2007**

- Environmental Engineer / Trainee — CDM emission-credit reporting (UNFCCC CDM registration support) and baseline environmental monitoring for MoEFCC approvals; early carbon-accounting exposure.

## EDUCATION

- Master's, Environmental Engineering & Management - Erasmus Mundus Joint Programme, EU Consortium Universities
- M.Tech, Environmental Management - JNTU Hyderabad
- M.Sc., Environmental Science - Yeshwant Mahavidyalaya, Nanded
- B.Sc., Botany, Zoology & Chemistry (Environmental Science) - Osmania University
- (PhD ) Doctoral research, Environmental Science - University College Dublin

## CERTIFICATIONS

- ISO 14064-1/2/3 - GHG Lead Verifier / Lead Validator - SGS
- Sustainability & Climate Risk SCR - (GARP)
- Executive Programme in ESG Strategy & Leadership - IIM Kashipur & NSE Academy
- Climate Scenario Analyst – (Corpstage Academy)
- Net Zero Practitioner - IICSR
- ISO 14001 EMS - internal training (DNV)
