PROFESSIONAL EXPERIENCE

Business Analyst | First Rand Services Pvt.Ltd

Mumbai | 03/2024 - 02/2025

Company providing financial services focusing on data analytics and process improvement

- Served as a techno-functional Business Analyst and SME for OTC derivatives regulatory reporting UAT, supporting compliance across EMIR, MiFID II, and SFTR.
- Led client and stakeholder workshops to gather business, functional, and regulatory requirements and convert them into BRD, FRD, and test-ready documentation.
- Performed control gap analysis and validated Controls 6 & 8, 11, and 15, improving reporting readiness and control compliance.
- Validated key reporting attributes including UTI/UPI logic, counterparty classification, valuation methodology, and lifecycle events across reporting workflows.
- Executed UAT, reconciliations, and defect validation using Intellimatch, DTCC, Murex, UnaVista, ULLINK, and Qomply.
- Supported process redesign and automation initiatives that reduced manual reconciliation effort across reporting regimes.
- Strengthened operational and audit readiness through SOP validation, user training, and post-implementation support.
- Prepared executive dashboards and management presentations to simplify complex regulatory and reconciliation data for senior stakeholders.
- Contributed to Qomply implementation to enhance cross-regime reconciliation and reporting accuracy.

Associate Process Manager | Eclerx Services Pvt Ltd

Mumbai, MH | 08/2021 - 01/2024

Business process management service provider

- Acted as a functional SME and BA liaison for regulatory reporting processes covering HKMA, MAS, and ASIC.
- Performed end-to-end analysis of reporting breaks, driving root cause identification and remediation aligned with regulatory control requirements.
- Managed client reporting issues and escalations from initial investigation through resolution, providing timely updates and coordinating corrective actions with internal stakeholders.
- Facilitated process walkthroughs, control assessments, and stakeholder discussions to identify operational risks and improvement opportunities.
- Conducted reconciliations and exception analysis across front-office, middle-office, and trade repository data sets.
- Acted as a client-facing point of contact for regulatory reporting enquiries and service requests, understanding client requirements and coordinating with internal teams to provide timely resolution.
- Produced weekly, fortnightly, and monthly governance packs highlighting over-reporting, under-reporting, and exception trends.
- Led cross-functional efforts to redesign workflows, improving turnaround time, control effectiveness, and audit outcomes.
- Managed a team of 15 members supporting regulatory reporting activities, overseeing daily work allocation, workflow management, quality, productivity and timely delivery.
- Created SOPs, training decks, and knowledge documents to support process stabilization and change management initiatives.

- Worked directly with clients and stakeholders to clarify regulatory reporting requirements, data discrepancies and reporting exceptions, ensuring follow-up and closure within agreed timelines

Analyst | Citicorp Financial Services Pvt Ltd

Mumbai, MH | 11/2018 - 10/2020

Global financial services company

- Prepared and reviewed balance sheet reconciliations for multiple legal entities across EMEA, ensuring adherence to internal financial controls.
- Investigated complex reconciling items and supported audit, governance, and control reporting.
- Reported reconciliation status through eRecon, improving transparency, tracking, and data integrity.
- Partnered with stakeholders to improve data quality, reconciliation accuracy, and reporting consistency.

Officer | Axis Bank Pvt Ltd

Mumbai | 02/2017 - 01/2018

Private sector bank

- Managed IPO and ASBA operations in line with banking policies and regulatory guidelines.
- Performed daily reconciliations and prepared fortnightly certification reports to support control and reporting requirements.
- Resolved customer escalations within defined service timelines while maintaining service quality.
- Generated MIS reports and processed RTGS and NEFT transactions using Finacle.

Auditor – Internship | R.Shah & Associates

Mumbai, MH | 04/2016 - 02/2017

Auditing and consulting firm

- Conducted internal and external audits covering inventory, cash transactions, and discount structures.
- Prepared audit documentation and supported statutory compliance reporting.

KEY ACHIEVEMENTS

- Improved workflow efficiency by 30% through process streamlining and stronger cross-functional coordination.
- Helped drive 95% reporting accuracy across multi-jurisdiction regulatory reporting activities.
- Increased team productivity by 25% through process improvements and collaborative workshops.
- Developed training materials that improved staff competency by 40%, contributing to fewer process errors.
