

Mahesh Suryawanshi

Associate

I am a finance professional with one year of experience in trade operations, specializing in U.S. market settlements. I possess proficiency in equity settlements, trade reconciliation, and inventory management, all of which contribute to the timely and accurate execution of trades. I possess expertise in managing unmatched trades, effectively communicating with counterparties and the middle office, and effectively addressing trade discrepancies. I have a wealth of experience in processing cash equities, stock settlements, and corporate actions, all while ensuring compliance with industry regulations. I possess a robust comprehension of the trade life cycle, the intricacies of the market, and the procedures involved in settlement. I excel in problem-solving, risk mitigation, and collaborating with onshore stakeholders, including middle office and risk teams. I am proficient in MS Excel, possessing strong analytical skills and a meticulous approach.

Work History

2024-03 - Associate - Trade Processing & Reconciliation

2025-04

Eviden, Pune, Maharashtra

- Manage trade processing and settlements for equity and fixed-income products across multiple U.S. markets. Custodians, ensuring trades are completed accurately and on time.
- Handle daily settlement activities, including trade matching, confirmation, and coordination with custodians and counter parties, to avoid trade fails.
- Carry out trade and position reconciliations, resolving breaks and discrepancies quickly to maintain smooth operations.
- Work closely with onshore teams, the middle office, compliance, and custodians to resolve issues, and improve overall settlement efficiency.
- Validated and maintained Standing Settlement Instructions (SSI), ensuring settlement account details were accurate, complete, and aligned with client/custodian instructions.
- Monitor trade amendments, cash movements, and Standing Settlement Instructions (SSIs) to ensure settlement details are up to date and accurate.
