PROFESSIONAL SUMMARY

Middle Office / Investment Operations professional with 3+ years supporting the full equity trade lifecycle — trade settlement, corporate actions, cash and position reconciliation, and exception/incident resolution — across broking and securities firms. Proven track record driving root cause analysis and control improvements while coordinating across trading, compliance, and depository/custodian teams to resolve time-sensitive breaks and settlement issues. Consistently maintained 99% accuracy across settlement and reconciliation processes handling high-volume, time-sensitive data. CIBOP and NISM-certified across securities operations, equity derivatives, and mutual fund distribution, with hands-on exposure to listed and OTC products.

CORE COMPETENCIES

Equity Trade Lifecycle

Process Documentation & Playbooks
Trade Life Cycle (TLC) Management

Tools & Products

Microsoft Excel (Pivot Tables, VLOOKUP, XLOOKUP)
Equity Derivatives, Fixed Income, Forex, Swaps
Listed & OTC Products
MTF, SLB & CUSPA Operations

PROFESSIONAL EXPERIENCE

Senior Executive – Operations

Aug 2026 – Present

Way2Wealth Brokers Private Limited, Mumbai

- Act as a key point of contact for margin pledge, unpledge, and repledge exceptions, coordinating with clearing corporations and internal stakeholders to keep collateral positions accurate and audit-ready.
- Own resolution of unpaid MTF (Margin Trading Facility) exceptions, tracking funded positions end-to-end and driving timely recovery actions to prevent downstream settlement risk.
- Investigate and resolve inward shortage and SLB (Securities Lending & Borrowing) early pay-in cases, partnering with depositories and counterparties to close breaks within tight settlement timelines.
- Manage CUSPA pay-in/pay-out and daily pay-in checks, proactively flagging exceptions ahead of settlement cut-offs to minimize fails and maintain control integrity.
- Coordinate mutual fund unit invocation-cum-redemption processing across teams, ensuring accurate, compliant execution and clear communication with stakeholders on status and exceptions.

Associate – Market Operations

Jul 2024 – Dec 2025

Yes Securities Limited, Mumbai

- Monitored start-of-day settlement readiness across NSE/BSE, identifying cash/position breaks and driving same-day resolution to ensure accurate pay-in/pay-out within T+1 cycles.
- Reconciled equity positions daily against NSDL/CDSL depository records and custodians, investigating short deliveries, auction cases, and settlement mismatches to root cause and closure.
- Reviewed trade confirmations to flag potential settlement failures early, coordinating across internal teams and external counterparties to resolve issues before they escalated.
- Tracked corporate action events — dividends, mergers, stock splits — end-to-end, ensuring timely and accurate capture in client accounts to avoid downstream valuation or entitlement breaks.
- Maintained 99% accuracy across settlement and reconciliation processes; built Excel-based tracking (Pivot Tables, VLOOKUP, XLOOKUP) to monitor exception volumes and turnaround times.

Assistant Manager – Operations

Dec 2022 – Jul 2024

Kotak Securities Limited, Mumbai

- Owned end-to-end equity settlement operations across cash and F&O segments, ensuring smooth trade execution and settlement within exchange-mandated timelines.
- Handled DP-level operations including securities pay-in/pay-out, margin pledge/unpledge, and resolution of settlement shortages and auction obligations, serving as first point of escalation for exceptions.
- Coordinated with internal departments and external counterparties to research and resolve operational issues with urgency, escalating to team leaders and contributing to post-issue process fixes.
- Reduced reporting errors through rigorous data validation, quality checks, and process-driven controls, sustaining 99% accuracy across client portfolios.
