PROFESSIONAL SUMMARY

Finance Operations Professional with 4 years of experience in hedge fund and money market operations, specializing in trade processing, NAV support (pre- and post-trade), payment operations (SWIFT), cash reconciliation, and FX processing. Skilled in trade settlement client service, and handling high-volume transactions, resolving operational exceptions, ensuring regulatory compliance, and collaborating with cross-functional teams to deliver accurate and timely results.

WORK EXPERIENCE

State Street — Transaction Services

Associate-II, Transfer Agency Vertical: Hedge Fund & Mutual Fund

April 2022 – April 2026

- Managed Money Market operations and ensured timely and accurate settlement of client fund transactions.
- Processed subscriptions, redemptions, switches, and transfers for Hedge Fund and Mutual Fund clients.
- Monitored and validated SWIFT MT535 and MT536 messages to support reconciliation and settlement activities.
- Processed daily FX rate updates by validating client files and uploading rates to investor accounts.
- Performed cash reconciliation and resolved transaction exceptions within SLA timelines.
- Handled payment operations, including validation, processing, and settlement of domestic and international payments.
- Investigated payment breaks using SWIFT message tracking and coordinated with internal teams for timely resolution.
- Managed high-volume transactions while maintaining accuracy, quality, and operational efficiency.
- Collaborated with global teams across Ireland and Luxembourg to resolve client queries and operational issues.
- Ensured compliance with internal policies, regulatory requirements, and operational guidelines.
