- KYC / CKYC / Re-KYC Processing & Client Onboarding Documentation Review
- AML Due Diligence: CDD, EDD, PEP & Sanctions Screening Concepts
- Discrepancy Identification, Investigation & Escalation
- CERSAI Portal Verification & Registry Updates
- Client Query Resolution, Case Tracking & SLA / Compliance Adherence
- Systems: TrackWizz & Internal Onboarding Tools, AOS, CMCP, CERSAI Portal, Advanced Excel
- Multilingual Communication: English, Hindi, Marathi

PROFESSIONAL EXPERIENCE

Associate | Nexdigm

Jul 2026 – Present

- Manage the end-to-end client onboarding process, reviewing documentation and coordinating with internal stakeholders to ensure accurate, timely, and compliant account setup.
- Use TrackWizz and internal onboarding tools to process, track, and update client records throughout the onboarding lifecycle.
- Apply working knowledge of KYC and AML due diligence standards to review onboarding documentation and flag discrepancies for resolution.

CKYC Operations Executive | DBS Bank

Nov 2025 – Jul 2026

- Reviewed onboarding and KYC documentation for 300+ cases per month, ensuring completeness, accuracy, and compliance with regulatory and bank policy standards.
- Verified client information via the CERSAI portal against internal/external sources, personally identifying and escalating discrepancies and risk indicators for timely resolution.
- Updated customer records and internal systems (TrackWizz, AOS, CMCP) within defined turnaround timelines, applying working knowledge of CDD, EDD, PEP, and Sanctions screening.
- Updated and maintained customer information across TrackWizz, AOS, and CMCP within defined TAT/SLA requirements.
- Supported securities account and portfolio-related operations, ensuring accurate capture and maintenance of client, account, and portfolio information.
- Reviewed trade and transaction-related information for completeness and accuracy and coordinated with relevant teams to resolve discrepancies.
- Identified, investigated, and escalated client-data discrepancies, documentation gaps, duplicate/inconsistent information, and risk indicators for timely resolution.
- Performed UAT and Live Verification (LV) testing and maintained detailed case logs, supporting audit readiness and data quality standards.

Relationship Officer | SBI Securities

Jan 2025 – Nov 2025

- Onboarded 150+ clients into the system, accurately capturing KYC, account, and portfolio details to support portfolio management services.
- Acted as a point of contact for client queries related to onboarding and account setup, offering suitable alternatives to support client retention.
- supported client account setup and activation, ensuring required documentation and client information were complete, accurate, and compliant with internal requirements.
- Ensured timely completion of onboarding activities while maintaining high standards of data accuracy and regulatory compliance.
- Coordinated with clients for documentation and follow-ups, helping reduce delays in account activation.
- Maintained accurate client records in line with internal process and regulatory guidelines.

CERTIFICATIONS

- 11-Month Certification in Retail Banking (AML/KYC Compliance), Investment Banking, Credit Management & Trade

- Finance — Bankedge, Academy for Banking and Finance.
- Advanced Excel Certification.
