PROFESSIONAL EXPERIENCE

STATE STREET

Team Lead – Fund Accounting & Administration | May 2022 – Present | Bengaluru / Pune, India

- Managed the **end-to-end trade lifecycle** for Private Equity and Hedge Fund portfolios, starting from receipt of executed trades from brokers through **trade capture, trade-attribute validation, affirmation/matching, settlement monitoring, Prime Broker/custodian reconciliation, pricing and final NAV release**.
- Received executed trades from brokers through **E-Horizon or email**, reviewed the trade details and captured the transactions in the relevant processing/accounting system for downstream fund accounting and NAV processing.
- Performed detailed **trade capture and validation** by checking fund and account details, buy/sell indicator, security and ISIN, quantity, price, trade date, settlement date, currency, broker and other relevant trade attributes before the trade proceeded through the downstream workflow.
- Performed **trade affirmation and broker matching** after validation to ensure the trade attributes were complete and accurate. Where trades were missing, mismatched or contained incorrect information, coordinated with the broker and relevant stakeholders to obtain corrections before fund pricing.
- Monitored **contractual settlement dates** during trade processing and investigated settlement exceptions, including cases involving pending client payments or incorrect/missing trade-date updates, coordinating with the appropriate stakeholders to avoid or resolve failed trades.
- Coordinated with **brokers, custodians, Prime Brokers and Investment Managers** throughout the trade lifecycle to resolve trade discrepancies, confirm transaction details and ensure accurate portfolio records and timely NAV delivery.
- Performed **trade, cash and position reconciliation** against Prime Broker and custodian records; investigated breaks and coordinated with brokers, Prime Brokers and internal teams to ensure timely resolution before NAV finalization.
- Supported **trade settlement and post-trade processing** through custodian records, ensuring settled transactions were accurately reflected in the fund accounting books, portfolio positions and downstream NAV calculations.
- Performed pre-processing checks on trade data to identify **missing, incomplete or mismatched trade attributes** before downstream processing, helping reduce trade-processing and reconciliation exceptions.
- Investigated and resolved **trade-processing, cash and position breaks**, identifying discrepancies between internal books, broker/Prime Broker and custodian records and following up with the relevant parties until resolution.
- Managed investment transactions across **equities, fixed income, FX, ETD/Futures and OTC derivatives** as part of multi-strategy fund accounting and valuation activities.

- Maintained and validated **Standing Settlement Instructions (SSI)** used in the trade and settlement workflow and coordinated with relevant stakeholders where settlement information required correction.
- Utilized **TLM** for reconciliation and exception-management activities, investigating trade, cash and position discrepancies and coordinating with relevant teams for timely break resolution.
- Worked with **E-Horizon, MCH, Bloomberg, Eagle and Charles River Investment System** across trade processing, fund accounting, reconciliation, investment data and valuation activities.
- Maintained exposure to **SWIFT messaging workflows**, including **MT564 (Corporate Action Notification)**, **MT565 (Corporate Action Instruction)**, **MT566 (Corporate Action Confirmation)**, **MT536** and **MT940**, with an understanding of their role in corporate actions, cash reporting and post-trade processing.
- Gained exposure to **CCP-based clearing processes and complex derivative products, including Cross-Currency Swaps (CCS)**, within the broader trade-processing and fund accounting environment.
- Coordinated with the **Security Valuation/Pricing team** to resolve pricing-related issues and ensure required valuation checks were completed before final NAV release.
- Calculated, booked and reviewed **management fees, performance/incentive fees, carried interest and other fund-related expenses**, ensuring accurate accounting and appropriate NAV impact.
- Prepared and reviewed **daily and monthly NAV calculations**, incorporating trade, pricing, reconciliation, fee and expense inputs and completing required control checks before NAV release.
- Led the fund accounting team, performing **quality reviews, SLA monitoring, stakeholder coordination and escalation management** to ensure accurate and timely client deliverables.

BNY MELLON

Senior Representative – Fund Accounting & Administration | July 2019 – May 2022 | Chennai, India
