PROFESSIONAL EXPERIENCE

TerraPay Solutions India Private Ltd | Jun 2024 – Present

Team Lead – Global Payment Operations

- Coordinated payment implementation activities across business, operations, technology and partner teams, covering requirements, testing, UAT, readiness and production deployment through operational support.
- Managed Corporate Card programme across APAC markets, coordinating business, operations, technology and partner stakeholders across implementation, testing, readiness and production activities.
- Owned RAID management for assigned payment/card workstreams, tracking risks, issues, assumptions, dependencies and actions and driving mitigation, follow-up and escalation through closure.
- Coordinated UAT, production readiness and cutover activities, tracking outstanding issues, stakeholder approvals and operational dependencies through go-live.
- Coordinated operational migration and transition activities, including process validation, testing, readiness tracking and resolution of operational gaps and dependencies before transition.
- Supported migration planning and handover to receiving operations teams, tracking outstanding activities, operational impacts, documentation and support requirements through transition to BAU.
- Supported post-implementation stabilization, working with operations, production and partner support teams to resolve open issues and maintain service continuity.
- Led reconciliation and settlement operations across 15 currencies, including refund reversals, partner fund posting, GL reconciliation and compliance with Visa Issuer standards.
- Streamlined reporting and reconciliation workflows through automation, reducing manual effort and accelerating exception resolution across payment channels.
- Managed partner onboarding and product demonstrations, overseeing UAT and production deployment to support smooth integration and operational readiness.
- Directed a team of 5 supporting CMS and reconciliation activities, defining KPIs and ensuring SLA/TAT adherence while coordinating with partners and vendors.
- Managed production and partner escalations, leading issue triage, root-cause analysis and resolution while driving improvements to reduce recurring incidents.
- Maintained project and operational artefacts in JIRA and Confluence, including workstream tracking, implementation documentation, readiness materials and BAU handover documentation.

M2P Fintech | Dec 2022 – Jun 2024

Associate Manager – Banking Operations

- Led day-to-day reconciliation and settlement activities for NFS, RuPay, UPI and Visa Issuer transactions, including ATM and POS transactions.
- Reconciled daily settled bank reports with issuing-bank incoming funds and outgoing staged reports across Visa, Mastercard, RuPay and UPI.
- Cleared unsettled and refund cases, reconciled GL reports and published reconciliation and settlement dashboards for stakeholders.
- Handled complaints and claim settlements including chargebacks, representments, pre-arbitration and pre-compliance, with MIS reporting as required by banking stakeholders.
- Prepared customer credit/debit batch files and monthly DPI, PPI and RBI reports for Visa, RuPay, UPI and issuer programmes.
- Supported reconciliation automation to reduce manual effort and improve operational efficiency.
- Worked with production and partner support teams to resolve operational escalations and maintain service continuity.
- Led new-joiner KT and supported monthly invoice processing.

Slice | Aug 2021 – Dec 2022

Card Operations – Settlement & Chargeback

- Handled daily Visa settlements, refunds and partial settlements, including reconciliation of Visa card transactions.
- Managed the complete dispute process, including chargebacks, representments, pre-arbitration and pre-compliance activities.
- Prepared management reports and MIS and introduced dashboards to monitor merchant cash refunds and settlement expectations.
- Supported reconciliation automation and provided KT to new joiners.

Open Financial Technologies Pvt Ltd, Bangalore | Sep 2020 – Aug 2021

Senior Executive – Operations

- Managed daily operations of the card business, including settlements, reconciliations and chargeback activities.
- Managed payment programmes across RuPay, M2P and Visa and handled regular reconciliation of card finances.
- Managed activation and deactivation of payment gateway accounts across Visa, Mastercard, Diners, Amex, Maestro and RuPay.
- Analysed operational metrics and supported customer issue resolution.

Slice IT, Bengaluru | Oct 2017 – Mar 2020

KYC Associate – Credit

- Performed periodic KYC reviews on a risk-based schedule and reviewed documentation for new customer accounts.
- Evaluated higher-risk accounts, analysed customer processes and escalated cases requiring additional information in line with KYC policies.
- Performed defect analysis and provided feedback to peer groups, highlighting cases requiring additional information.
- Analysed customer metrics to support credit-limit decisions.

Janalakshmi Financial Services | Oct 2016 – Sep 2017

Customer Relationship Officer

- Handled customer complaints and coordinated resolution activities.
- Supported team operations across sales and collections.
