PROFESSIONAL EXPERIENCE

ServiceNow Developer | Huron Consulting Private Ltd, Bengaluru, India | Dec 2024 — Present

- Develop and customize ServiceNow applications across ITSM, ITOM, ITAM and SecOps based on business requirements.
- Configure Incident, Problem, Change and Request Management following ITIL best practices.
- Develop Client Scripts, Business Rules, Script Includes, UI Policies, UI Actions and ACLs using JavaScript.
- Use GlideRecord, GlideSystem, GlideForm and GlideAjax for server-side and client-side development.
- Build Flow Designer automations, approvals, notifications, scheduled flows and reusable subflows.
- Configure Service Catalog Items, Record Producers, Order Guides, Variables and Variable Sets.
- Support CMDB, CI relationships, Discovery, Event Management and MID Server activities.
- Support ITAM asset lifecycle, hardware/software assets, asset-CI relationships and data quality.
- Support SecOps security incident, vulnerability and remediation workflows.
- Develop REST/SOAP integrations using JSON/XML and OAuth; use Import Sets and Transform Maps for external data.
- Use Update Sets and application scopes for deployment; perform testing, debugging and root-cause analysis.

ServiceNow Developer / ITSM Analyst | Omega Healthcare, Bengaluru, India | Sept 2023 — Dec 2024

- Configured and supported ServiceNow ITSM processes for enterprise healthcare users and support teams.
- Developed Client Scripts, Business Rules, UI Policies, UI Actions and Script Includes.
- Created Flow Designer/workflow automation for approvals, notifications and request fulfillment.
- Configured Service Catalog Items, Variables, Variable Sets and Record Producers.
- Supported CMDB, CI relationships, asset information and ITAM lifecycle activities.
- Supported security-related workflows including security incidents and vulnerability remediation.
- Worked on REST integrations, JSON data exchange, ACLs, roles, Import Sets, Transform Maps and Update Sets.
- Troubleshot incidents, changes, requests, integrations and application issues.

ServiceNow Support Analyst | Datamatics Global Services Limited, Bengaluru, India | Aug 2022 — Aug 2023

- Supported ServiceNow ITSM operations and enterprise service requests.
- Worked with incidents, requests, changes and knowledge processes following ITIL-based procedures.
- Assisted with ServiceNow configuration, testing, troubleshooting, CMDB data maintenance and documentation.
- Collaborated with technical teams to resolve ServiceNow-related issues and fulfill business requests.

PROJECT

Healthcare Enterprise ServiceNow ITSM / ITOM / ITAM / SecOps Project

Role: ServiceNow Developer

Environment: ServiceNow, ITSM, ITOM, ITAM, SecOps, CMDB, Discovery, Event Management, Service Catalog, Flow Designer, JavaScript, REST/SOAP, MID Server, Import Sets, Transform Maps.

- Configured Incident, Problem, Change and Request Management for healthcare IT support teams.
- Built Flow Designer automation for approvals, assignments, notifications and request fulfillment.
- Configured Service Catalog Items, Record Producers, Order Guides, Variables and Variable Sets.
- Developed Client Scripts, Business Rules, Script Includes, UI Policies, UI Actions and ACLs.
- Supported CMDB, Discovery, MID Server and Event Management for infrastructure operations.
- Supported ITAM asset lifecycle, hardware/software assets and asset-CI relationships.
- Supported SecOps Security Incident Response, Vulnerability Response and remediation workflows.
- Developed REST/SOAP integrations and used Import Sets and Transform Maps for external data.
- Performed testing, debugging, troubleshooting and deployment using Update Sets.

ADDITIONAL TECHNICAL RESPONSIBILITIES

- Configured tables, fields, forms, views, related lists, dictionary entries, users, groups and roles.
- Performed requirement gathering, solution design, development, testing and production support.
- Troubleshoot scripting, workflow, integration, access-control and data-related issues.
- Worked with application owners, infrastructure, security and business stakeholders to deliver ServiceNow solutions.

EDUCATION

Bachelor of Commerce | Vijaya College, Bengaluru | 2019–2022
