PROFESSIONAL EXPERIENCE

BNY (Bank of New York)

2023 – Present

Specialist II – Fund Oversight & Depositary Compliance | Pune, India

- ▶ Led the end-to-end operational transition of Trustee and Depositary Business from Ireland & UK to Pune, enabling seamless continuity of service for global institutional clients — recognised with VIP Award by BNY Management.
- ▶ Ensured UCITS, AIFMD, CASS, CSDR, FCA and EMIR regulatory compliance by monitoring applicable investment, fund and custody-related activities and ensuring adherence to regulatory requirements and internal policies.
- ▶ Performed regulatory assurance and compliance monitoring across Trustee and Depositary activities, reviewing operational processes and controls to identify exceptions, control gaps and areas requiring corrective action.
- ▶ Conducted regulatory risk assessments and impact assessments for regulatory and business changes, evaluating potential impacts on fund oversight, custody and depositary processes and supporting implementation of required control and process enhancements.
- ▶ Performed control reviews and testing across relevant fund oversight and depositary processes, validating adherence to defined procedures, regulatory requirements and internal control standards and supporting resolution of identified exceptions.
- ▶ Performed depositary due diligence reconciliations across multi-asset classes including OTC Derivatives, Private Equity, Bank Debt, Mutual Funds, and Equities — investigating aged breaks, identifying root causes and supporting remediation to reduce reconciliation failure rates.
- ▶ Executed independent NAV validation and oversight of Fund Administration operations, ensuring accuracy of fund accounting records submitted by third-party administrators and supporting effective operational and regulatory oversight.
- ▶ Supported regulatory assurance and audit reviews by maintaining control evidence, reconciliation records, compliance documentation and supporting materials required for governance, risk, compliance and audit activities.
- ▶ Reviewed and validated dividend calculations provided by Fund Accounting teams; prepared and distributed declaration letters to investment managers and external stakeholders in accordance with regulatory timelines.
- ▶ Leveraged ICE Connect, Geneva, InvestOne, Rufus, and Alto to automate compliance tracking and produce management information reports using advanced Excel and Power BI dashboards.

- ▶ Conducted periodic reviews and updates of SOPs to incorporate regulatory and operational changes, strengthen control procedures and ensure continued alignment with applicable requirements.
- ▶ Identified control and process gaps and supported remediation activities, working with Operations, Risk, Compliance, Fund Accounting, Technology and other stakeholders to strengthen governance and operational controls.
- ▶ Mentored analysts and interns during the operational transition, accelerating capability build and maintaining SLA adherence throughout the ramp-up period.
- ▶ Performed regulatory change assessments for applicable CASS, CSDR, FCA and EMIR requirements, evaluating the impact of regulatory updates on fund oversight, custody and depositary processes and identifying required process or control changes.
- ▶ Reviewed regulatory and operational control gaps across depositary and fund oversight activities, performing root-cause analysis where required and supporting remediation through process, control and SOP enhancements.
- ▶ Supported CASS and CSDR-related compliance activities within the custody/depositary environment, reviewing relevant operational processes and controls and coordinating with stakeholders to address identified exceptions and compliance requirements.
- ▶ Supported FCA and EMIR-related compliance requirements applicable to relevant fund, custody and OTC derivative activities, including review of operational adherence, control requirements and supporting documentation.
- ▶ Maintained regulatory assurance evidence and documentation including control records, reconciliation outputs, review results, SOPs and supporting documentation for governance, compliance and audit requirements.
