PROFESSIONAL EXPERIENCE

Assistant Manager

Kumaran Systems | Jun 2024 – Aug 2026 | Client: Canadian Imperial Bank of Commerce (CIBC)

- Drive PMO governance and project coordination across planning, execution tracking, resource allocation, milestones and delivery reviews.
- Prepare KPI dashboards, MIS and executive reports to provide management with visibility into project health, productivity and delivery performance.
- Coordinate risks, issues, dependencies, action items and escalations across cross-functional project stakeholders.
- Support resource planning and forecasting, including allocation tracking and capacity requirements across project teams.
- Drive process improvement, automation and standardization initiatives to improve operational efficiency and governance.
- Manage project documentation including Statements of Work (SOWs), project trackers, governance reports and status updates.
- Manage Cards Payments operations for Bank of Montreal, supporting North American and Canadian regions.
- Oversaw and led a team of 25+ associates, ensuring optimal performance and operational execution.
- Monitored process adherence and implemented process discipline to improve service delivery and SLA compliance.
- Work with business and delivery stakeholders to improve project visibility, accountability and execution discipline using Jira, ServiceNow and Excel/VBA.

Assistant Manager

Tata Consultancy Services (TCS) | Aug 2023 – Apr 2024 | Client: Citi Bank / Bank of Montreal

- Oversaw operations for 2+ Team Leaders, ensuring adherence to processes, operational continuity and high delivery performance.
- Managed monthly project billing and invoicing activities, including estimates, invoices, payment schedules and follow-up on outstanding payments.
- Consolidated resource inputs to improve resource utilization, financial tracking and reporting accuracy.
- Prepared and presented monthly, quarterly and annual business-review reports for senior management, clients and stakeholders.
- Calculated and analyzed revenue reports, developed forecasting strategies and created revenue dashboards for business divisions.
- Developed detailed project plans covering timelines, milestones and deliverables, and monitored progress against objectives.
- Drafted Statements of Work (SOWs) and facilitated stakeholder approvals to align project requirements and deliverables.
- Supported contract management including drafting, renewals and extensions for projects across the division.
- Drove process improvement initiatives across project execution to enhance operational efficiency.
- Coordinated internal, vendor and quarterly RCSA audits, including artifact collation and presentations.
- Implemented AI technologies to address operational challenges and improve workflow efficiency.
- Prepared and presented stakeholder decks on a weekly, monthly and quarterly basis for clients and senior management.

Shift Team Leader

Tata Consultancy Services (TCS) | *Jul 2019 – Jul 2023*

- Led day-to-day banking operations, ensuring adherence to SLA, quality and productivity targets.
- Managed team performance through KPI tracking, coaching and operational planning.
- Coordinated with stakeholders to resolve operational escalations and service issues.
- Supported process migration, transition and knowledge-transfer activities to enable operational continuity.
- Performed root-cause analysis to identify recurring issues and implemented corrective measures.
- Prepared and reviewed MIS and KPI reports to support operational decision-making.

SME Lead

Tata Consultancy Services (TCS) | *May 2017 – Jun 2019*

- Acted as Subject Matter Expert for banking and card operation processes, providing process guidance and operational support.
- Led training and knowledge-management initiatives to onboard and upskill team members.
- Maintained and updated SOPs, process documentation and knowledge resources.
- Participated in process migration and transition activities to ensure continuity.
- Supported quality assurance and compliance for assigned processes.

Associate

Tata Consultancy Services (TCS) | *Oct 2013 – Apr 2017*

- Managed daily banking and credit card operations, ensuring adherence to established procedures and SLAs.
- Executed payment processing, settlement and recovery-related activities.
- Reviewed transaction data and investigated discrepancies for prompt resolution.
- Maintained operational records and contributed to process reporting.

Trainee

Tata Consultancy Services (TCS) | *Oct 2013 – Sep 2014*

- Completed structured training in banking and credit card operations, building foundational knowledge of workflows and transaction processing.
- Supported daily operational activities while meeting SLA and quality standards.

SELECTED BANKING & CARD OPERATIONS PROJECTS

Cards Payments Operations

Bank of Montreal | *48 months*

- Managed Cards Payments operations supporting North American and Canadian regions.
- Oversaw a team of 25+ associates, ensuring operational execution, process adherence and SLA compliance.
- Worked with business and delivery stakeholders to improve project visibility, accountability and execution discipline.

Card Repayment / Refund Operations

Citi Bank | 26 months

- Supported card repayment and refund operations, ensuring SLA adherence and quality assurance.
- Logged customer complaints, managed escalations and compiled MIS reports to track performance.

Collection Back Office

TCS | 42 months

- Supported recovery and collections operations for delinquent credit-card accounts, including payment plans and settlement programs.
- Executed account recovery activities while ensuring compliance and maintaining positive customer interactions.

KEY CONTRIBUTIONS

- Led billing, forecasting and dashboard initiatives; supported successful completion of internal and vendor audits; contributed to process improvements and AI-driven optimizations.
- Led revenue forecasting and billing dashboard initiatives used for quarterly and annual business reviews.
- Supported audit readiness by collating artifacts for internal and vendor audits.
- Drove process improvement initiatives at multiple stages of project execution to enhance overall efficiency.
- Implemented AI technologies to resolve operational challenges and boost workflow efficiency.

EDUCATION
