OBJECTIVE

Result driven Business Analyst with expertise in Issuing Cards and Payments, transaction processing, authorization, clearing & settlement, chargebacks and regulatory compliance. Experienced in Agile/Scrum environments, collaborating with product owners, developers, and QA teams to define user stories, manage functional requirements, and process workflows. Skilled in process analysis, gap analysis, data-driven decision-making, and delivering customer-focused payment solutions that improve efficiency, compliance and user experience.

EXPERIENCE

SENIOR BUSINESS ANALYST 07/2023 to Current at TSYS cards and Payments Services (Global Payments), Noida

Business Analyst with extensive expertise in **Cards Issuing and Payments**, supporting **TSYS issuing platforms** and managing end-to-end credit issuing card lifecycle processes.

- ❖ Experienced in requirements elicitation, analysis, and documentation, including **BRDs, FRDs, functional specifications, solution design documents, and unit test cases**.
- ❖ Proven ability to collaborate with cross-functional issuing teams across **card authorization, originations, onboarding, rewards, postings, statements, correspondence and account closure** to enhance issuer systems and cardholder experience.
- ❖ Hands-on experience in issuer modernization initiatives, including legacy-to-cloud migration, data integration from multiple server systems and implementation of issuer **correspondence** and **statement** solutions.
- ❖ Skilled in Power BI reporting, issuer data analytics, process mapping and capacity management to drive operational efficiency and cost optimization for the issuing portfolio.
- ❖ Strong background in risk analysis, **regulatory and network compliance**, QA validation, Agile/Scrum delivery, supporting 400+ global issuing clients in high-volume, fast-paced environments.

SENIOR BUSINESS ANALYST 08/2021 to 07/2023 at Deutsche Bank, HCL TECHNOLOGIES, Noida

- ❖ Built an **ETL tool** for issuing prepaid cards enabling region, product, usage-based billing and reporting as a new platform, reducing data preparation time by ~40% and improving reporting accuracy.
- ❖ Enabled launch of prepaid cards on a credit card issuing platform, integrating Originations, Authorization, Statements systems to deliver a **single consolidated ledger** across the card lifecycle.

KEY SKILLS

CARDS ISSUING & PAYMENTS DOMAIN

- ❖ TSYS ISSUING PLATFORMS | ISSUING CREDIT CARD LIFECYCLE MANAGEMENT | CARDHOLDER ONBOARDING & ACCOUNT ORIGINATION
- ❖ AUTHORIZATION & TRANSACTION PROCESSING | POSTING, STATEMENTS & BILLING | REWARDS & LOYALTY PROGRAMS
