Targeting **Product Owner, Program Manager, Business Analyst**, and **Agile Delivery** roles to bridge business needs and technology solutions while driving successful product outcomes and operational excellence.

PROFILE SUMMARY

- Accomplished Business Technology Analyst with 4.6 years of experience delivering Product Management, Business Analysis, Agile Delivery, Salesforce, AEM, and enterprise platform transformation initiatives across Banking and Telecommunications domains.
- Worked in contributing with Deloitte USI as a Business Technology Analyst, in driving requirements management, Agile execution, release governance, stakeholder engagement, and cross-functional product delivery.
- Delivered measurable business outcomes by improving release timelines by 30%, increasing stakeholder satisfaction by **25%**, reducing manual analysis efforts by 50%, and accelerating deployment cycles by **30%** across enterprise programs.
- Possesses expertise across Salesforce CRM, Adobe Experience Manager (AEM), Jira, Confluence, Copado, Power BI, CI/CD, SQL, Agile Scrum, release management, KPI reporting, and workflow optimization.
- Distinguished by the ability to bridge business objectives with technology execution, enabling operational transformation, delivery excellence, and scalable enterprise process improvements.

WORK EXPERIENCE

Business Technology Analyst

Deloitte USI | Jun'23-Jan'25

Bangalore, India

- Orchestrating requirement discovery sessions and translating business needs into prioritized user stories and feature specifications for enterprise Salesforce initiatives.
- Facilitating Scrum ceremonies including sprint planning, daily stand-ups, backlog refinement, sprint reviews, retrospectives, release planning, and Jira governance activities.
- Driving stakeholder engagement across Product, Engineering, QA, and DevOps teams to align business priorities with execution roadmaps.
- Monitoring KPI dashboards, sprint metrics, delivery metrics, project performance indicators, and release readiness to strengthen governance visibility.
- Coordinating SIT, regression testing, defect management, UAT readiness, deployment readiness, and release support across enterprise environments.
- Administering Salesforce CRM workflows, Copado release processes, and CI/CD activities to support scalable delivery operations.

Achievements:

- Improved release timelines by **30%** and increased stakeholder satisfaction by 25% through structured requirement management and delivery coordination across 150+ user stories.
- Reduced manual reporting effort by **50%** through development of Power BI dashboards and KPI reporting frameworks for leadership visibility and Salesforce governance.
- Enhanced operational efficiency by **25%** by streamlining Salesforce workflows, ticket routing mechanisms, and process automation initiatives.
- Accelerated deployment timelines by **30%** through effective coordination of Salesforce Copado-based CI/CD release activities.
- Earned multiple Applause Awards and Spot Awards for exceptional delivery performance, compliance execution, and enterprise platform modernization initiatives.
- Secured promotion from Associate Analyst to Business Technology Analyst within **2.5 years** based on sustained high performance and leadership contributions.

CORE COMPETENCIES

Product Delivery
Business Analysis
Stakeholder Management
Process Improvement
Agile Delivery
Release Management
KPI Reporting
GAP Analysis
Workflow Optimization
Data Visualization
Cross-Functional Collaboration
Process Optimization

TECHNICAL SKILLS

- CRM & Enterprise Platforms:** Salesforce CRM, Salesforce Copado, Adobe Experience Manager (AEM)
- Project Delivery:** Requirements Gathering, User Story Creation, Backlog Prioritization, Release Coordination, SDLC, BRD, FRD, Process Flow
- Data & Analytics:** Power BI, Tableau, SQL, R, Advanced Excel
- Programming Languages:** Python, Java, JavaScript, HTML
- DevOps & Version Control:** CI/CD, Git
- Project & Collaboration Tools:** Jira, Confluence
- Productivity Tools:** Microsoft Office Suite

ACHIEVEMENTS

Secured multiple Spot and Applause Awards for excellence in enterprise digital delivery and Agile execution.

Garnered client appreciation for enhancing release readiness, knowledge enablement, and team productivity.

EDUCATION

- MBA in Digital Technology**, University of Europe for Applied Sciences, Berlin, Germany | 88% | Mar'25 – July'26
- Bachelor of Computer Applications (BCA)**, Amrita Vishwa Vidyapeetham, Kerala, India | CGPA: 8.47/10 | Jun'17 – May'20

Associate Analyst

Deloitte USI | Aug'20-May'23

Hyderabad, India

- Managing cross-functional coordination activities across digital delivery programs and multi-stakeholder enterprise initiatives.
- Supporting Adobe Experience Manager (AEM) workflows, content deployment activities, and enterprise platform enhancements.
- Preparing release documentation, workflow artifacts, validation records, and operational reports for business and technology stakeholders.
- Collaborating with testing and engineering teams to support sprint execution, issue management, and deployment readiness activities.
- Maintaining Agile governance, RAID tracking, release governance, project documentation, and delivery consistency across sprint cycles.

Achievements:

- Reduced release cycle timelines by 20% through effective coordination across **15+ stakeholders** and geographically distributed delivery teams.
- Optimized delivery stability by conducting root-cause analysis across **10+ Adobe Experience Manager workflows**, minimizing recurring process issues.
- Strengthened platform reliability through execution of functional, regression, and cross-browser testing, reducing post-release defects.
- Improved deployment efficiency through end-to-end support of Adobe Experience Manager production workflows and Touch UI transformation initiatives.
- Received Spot Awards, Applause Awards, and client recognition for consistently delivering high-quality digital wealth and AEM feature enhancements.

CERTIFICATIONS

- **Microsoft Business Analyst** – In progress
- **Google AI Essentials** – In progress
- **Copado Fundamentals** – Source Format Pipeline | Copado | Jun'24
- **Adobe Experience Manager (AEM) Business Practitioner Certification** | Adobe | Apr'24
- **Copado Fundamentals – Metadata Pipeline** | Copado | Jan'24
- **DevOps & CI/CD Certification** | Nov'23

PROJECTS

- **MBA Thesis: Data-Driven Decision-Making for Digital Transformation Delivery Performance** – Researched the role of AI, business analytics, KPIs, and performance metrics in enabling data-driven product and digital transformation decisions
- **AI-Powered Housing Finance Analytics** | MBA Digital Technology Project – Analysed housing finance data using Python, Power BI and Excel to identify customer, loan and performance trends, applied predictive ML and Neural Network classification for risk and decision analysis, and developed a prescriptive AI approach to generate business recommendations.
- **Salesforce Release Quality Analytics** | Business Analytics & AI - Analysed Salesforce release data using SQL, Power BI, Excel and Python, developing KPI dashboards for release quality and deployment performance, and applied Random Forest Regression and AI/ML techniques to identify factors influencing release outcomes and generate data-driven recommendations.

EXTRACURRICULAR LEADERSHIP & COMMUNITY ENGAGEMENT

- **Cluster Lead** – Deloitte Impact Day (Educational Upliftment Program) | Led volunteer coordination and community outreach initiatives across Deloitte's social impact programs for two consecutive years.
- **Mentor** – Deloitte Buddy Program | Supported onboarding, training, and professional integration of new hires, fostering knowledge sharing and team collaboration.
- **Community Outreach Volunteer** – AYUDH International | Contributed to youth-driven social impact projects, community development initiatives, and volunteer engagement activities.
- **Project Lead** – Jeevamritam Clean Water Initiative | Directed community welfare initiatives focused on improving access to clean drinking water and enhancing public well-being.
- **Volunteer** – Kerala Flood Relief Operations (2017) | Assisted in rescue coordination, emergency response, rehabilitation activities, and humanitarian support during flood relief efforts.
- **School Unit Captain** – National Service Scheme (NSS) | Led student volunteer programs, awareness campaigns, and community service initiatives while coordinating team-based social outreach activities.
