SUMMARY

Senior ServiceNow Developer with 4+ years of expertise in architecting scalable solutions across ITSM, CSM, and Service Catalog. Proven track record in leading end-to-end implementations, driving enterprise-level integrations, and delivering high-impact automation at client locations. Expert in translating complex business requirements into robust, high-performance ServiceNow architectures.

TECHNICAL SKILLS

- **Modules:** ITSM (Incident, Problem, Change), CSM, Service Catalog development, CMDB
- **AI & UI Development:** Now Assist, UI Builder, Virtual Agent, Flow Designer, Automated Test Framework (ATF)
- **Integrations & Development:** Integration expertise (REST APIs, Integration Hub), Glide APIs, JavaScript, UI Actions
- **Reporting:** ServiceNow Reports, Dashboards, KPI Design, Performance Analytics

PROFESSIONAL EXPERIENCE

ServiceNow Developer | Consultiquo (Endow Consultants Pvt. Ltd.) | Sep 2025 – Present

Client: PepsiCo | On-site

- **Now Assist & AI Agent Validation:** Implemented and validated Now Assist AI features to enhance self-service and agent productivity within ITSM. Conducted structured testing to ensure accuracy and collaborated with leadership to align AI adoption roadmaps.
- **Service Catalog Development:** Architected the 'Modify Group Membership' catalog item and complex workflow automation to streamline access management, reducing manual IT overhead and improving resolution times.
- **Reporting & Dashboard Leadership:** Led the end-to-end design of ServiceNow dashboards for PepsiCo stakeholders. Built real-time trackers for SLA compliance, incident trends, and IT team workload distribution.
- **Integration Expertise & Scalable Solution Design:** Configured Integration Hub spokes and REST APIs for external systems, including Microsoft Teams, to ensure real-time data synchronization and scalable enterprise notifications.
- **Platform Performance Optimization:** Spearheaded automated regression testing using Automated Test Framework (ATF) during the Zurich upgrade, ensuring high-performance ITSM workflows and platform stability.

ServiceNow Developer | Tata Consultancy Services (TCS) | Mar 2022 – Aug 2025

- **Flow Designer & Inbound Actions:** Designed inbound email actions via Flow Designer to trigger automatic incident creation. Configured keyword extraction to auto-populate fields from email subjects and bodies.
- **Virtual Agent Implementation:** Designed conversational flows to surface common solutions and deflect tickets. Enabled fallback ticket creation and real-time status tracking, heavily reducing live agent workload.
- **ITSM & Service Catalog Development:** Maintained catalog items, workflows, and record producers. Configured UI policies/actions and customized the Incident, Problem, and Change Management modules.
- **Agile Delivery:** Resolved Jira stories/tasks promptly and collaborated with cross-functional teams to gather requirements and deploy technical solutions.

CERTIFICATIONS

- ServiceNow Certified System Administrator (CSA)
- ServiceNow Certified Application Developer (CAD)
- Micro-Certification – Flow Designer
- Micro-Certification – Integration Hub

EDUCATION & ADDITIONAL INFO

- **B.Tech:** Godavari Institute of Engineering and Technology (Jun 2017 – Aug 2021) | GPA: 8.27
- **Intermediate:** Mega Junior College (Jun 2015 – Mar 2017) | GPA: 7.99
