PROFESSIONAL EXPERIENCE

Trade Settlement (5 Years)

- Managed the complete trade lifecycle from trade capture through settlement, ensuring timely and accurate processing of securities transactions.
- Executed trade matching, confirmation, affirmation, and settlement for equity, fixed income, ETF, mutual fund, and derivative products across domestic and international markets.
- Monitored settlement obligations and ensured successful settlement within market timelines (T+1/T+2), minimizing settlement failures.
- Investigated and resolved failed trades by coordinating with brokers, custodians, counterparties, and internal operations teams.
- Validated trade details, Standing Settlement Instructions (SSI), settlement instructions, and counterparty information before settlement.
- Processed trade amendments, cancellations, cash transfers, security movements, and manual settlement instructions.
- Performed daily reconciliation of cash balances, securities positions, broker statements, and custodian records, resolving reconciliation breaks promptly.
- Monitored pending settlements and aged fails, conducted root cause analysis, and implemented corrective actions to reduce recurring exceptions.
- Supported corporate action events, ensuring accurate processing of dividends, stock splits, mergers, rights issues, and bonus issues.
- Worked closely with Front Office, Middle Office, Risk, Compliance and custodian
- Prepared daily operational reports, settlement MIS, fail reports, aged exception reports, and KPI dashboards for management review.
- Ensured compliance with market regulations, internal controls, operational policies, and audit requirements. Contributed to process improvement initiatives by identifying automation opportunities and standardizing operational procedures to improve efficiency and reduce manual intervention.

Mutual Fund Accounting (3 years)

- Performed daily Net Asset Value (NAV) calculations for multiple mutual funds in accordance with fund accounting policies and client Service Level Agreements (SLAs).
- Processed income accruals, dividend income, interest income, realized and unrealized gains/losses, and operating expense accruals.
- Performed daily cash, custody, investment, and general ledger reconciliations, investigating and resolving discrepancies before NAV release.
- Reviewed corporate actions such as dividends, stock splits, bonus issues, mergers, rights issues, and their impact on fund valuation.
- Supported preparation of monthly, quarterly, and annual financial statements, investor reports, and regulatory reporting schedules.

- Participated in month-end and year-end closing activities, ensuring timely completion of reconciliations and accounting adjustments.

HNI Client management (2 years 6 Months)

- Managed day-to-day interactions with HNI clients, addressing accounting and operational queries related to cash balances, transactions, and portfolio holdings.
- Acted as the primary point of contact for resolving client queries on cash and position reconciliations, ensuring timely investigation and closure of breaks.
- Coordinated with internal teams (operations, custody, and treasury) to resolve discrepancies and ensure accuracy of client-level financial data.
- Monitored and validated client transactions, cash movements, and portfolio updates to maintain accurate records and ensure smooth operational workflow.
