PROFESSIONAL SUMMARY

Highly accomplished Capital Markets professional with 16 years of total experience, including 13+ years specializing in Investment Banking, Middle Office Operations, and Trade Lifecycle Management. Proven track record of evolving from core operations into leadership and transformation roles, successfully managing team sizes up to 20 members. Expert in end-to-end trade execution, confirmations, settlements, and reconciliation for complex treasury products including FX, Fixed Income (Bonds), and Derivatives. Adept at driving process improvements, automation initiatives, front-to-back coordination, and operational risk mitigation. Possesses strong stakeholder governance, RAID management capabilities, and transition experience, making them uniquely positioned for Markets Treasury PM/BA delivery.

CORE COMPETENCIES & SKILLS

- **Treasury Products & Markets:** FX Cash & Options, Fixed Income (Bonds), OTC Derivatives, Loans & Deposits.
- **Trade Lifecycle Management:** Trade Affirmation & Matching, Clearing, Settlement, Cash & Position Reconciliation, Investigation & Exception Handling.
- **Project & Change Management:** Process Migration & Transition, Automation Initiatives, RAID Log Governance, Business Process Re-engineering.
- **Stakeholder Governance:** Front-to-Back Liaison (Traders, Counterparties, Custodians, Brokers, Senior Management).
- **Tools & Frameworks:** SWIFT Messaging, DTCC, Omgeo, MS Office Suite, Escalation & Risk Control Frameworks.

PROFESSIONAL EXPERIENCE

STATE STREET | MUMBAI

Manager – Middle Office (Derivatives Operations & Change)

Jan 2024 – 7th June 2026.

- **Operational Delivery:** Lead and manage a 6-member team responsible for end-to-end OTC Derivatives trade confirmations and settlements, ensuring strict adherence to global market deadlines.
- **Stakeholder & Front-to-Back Governance:** Coordinate directly with traders, institutional counterparties, global custodians, and internal business lines to resolve high-value confirmation and settlement breaks.
- **Process Transformation:** Championed and implemented key process improvements and automation initiatives that significantly reduced manual processing touchpoints and optimized operational workflows.
- **Risk & Control Management:** Redesigned and strengthened the operational escalation framework for time-sensitive trades, lowering overall operational risk exposure and ensuring business continuity.

STATE STREET SYNTEL PVT LTD | PUNE

Deputy Manager – Middle Office (Equity & Fixed Income)

Jul 2022 – Dec 2023

- **Team Leadership:** Supervised a large-scale, 20-member team handling global equity and fixed income (Bonds) post-trade operations and settlements.
- **Trade Lifecycle Optimization:** Oversaw matching, affirmation, and discrepancy resolution processes utilizing global networks like DTCC, Omgeo, and SWIFT to legally bind trades.

- **Reconciliations & Data Integrity:** Managed daily cash, stock, and position reconciliation workflows, resolving mismatches between internal accounting books and external custodian records.
- **Change & SLA Tracking:** Spearheaded continuous improvement projects to reduce manual effort; monitored and improved team productivity metrics and SLA adherence.
- **Ecosystem Integration:** Strengthened operational integration and communication flows across Front Office, Custodians, and Clearing Brokers to mitigate settlement risk before market cut-offs.

BA CONTINUUM INDIA PVT LTD (BANK OF AMERICA MERRILL LYNCH) | PUNE

Team Leader – Trade Settlements (Fixed Income)

Jun 2017 – Jul 2022

- **Delivery Management:** Governed daily settlement operations for global Fixed Income products, ensuring strict adherence to fund and custody deadlines across multiple geographies.
- **Front-to-Back Liaison:** Provided critical middle-office support by liaising between the Front Office (Clients), Back Office, and external Brokers to drive prompt issue resolution and escalation management.
- **Business Analysis & Root Cause Analysis (RCA):** Conducted deep-dive root cause analysis on structural trade breaks to isolate workflow gaps and implement preventive measures.
- **Process Efficiency & Automation:** Evaluated operational delivery loops to identify gaps; designed and executed targeted automation workflows to improve Turnaround Time (TAT) and operational efficiency.
- **Senior Stakeholder Reporting:** Prepared, analyzed, and presented operational risk metrics, Key Performance Indicators (KPIs), and ad-hoc governance reports to senior management on a daily, weekly, and monthly basis.

ECLERX SERVICES PVT LTD | MUMBAI

Senior Analyst – FX & Options

Feb 2015 – Jun 2017

- **Treasury Lifecycle Management:** Managed trade processing, post-settlement activities, and lifecycle management for FX Cash and Options, ensuring market cut-off compliance.
- **Escalation Management:** Owned client escalations end-to-end, partnering with cross-functional technology and operations groups to deliver timely structural fixes.
- **Continuous Improvement:** Contributed to multiple process automation and optimization initiatives, successfully eliminating manual operational steps.

STATE STREET BANK SYNTEL SERVICES LTD | PUNE

Senior Analyst – Core Trade Settlements & Confirmations

Jan 2013 – Nov 2014

- Executed middle office operations for Equity and Bond trade confirmations and core settlements across global markets, partnering front-to-back to clear transaction breaks.

SANGAMESHWAR ENGG LTD | PUNE

Accounts & Liquidity Officer

Dec 2009 – Dec 2012

- Managed accounting finalization, tax compliances, statutory filings, audit coordination, and cash flow/liquidity tracking.

EDUCATION

MBA in Finance | MITCON Institute of Management, Pune (2008 – 2010)
