PROFESSIONAL EXPERIENCE

SWIFT Inc — Senior Project Manager

Aug 2021 – Aug 2025

Senior Project Manager (via Agasti LLC) • Virginia, USA • Cybersecurity & Infrastructure

- Led delivery of enterprise cybersecurity and infrastructure programs aligned to SWIFT's strategic roadmap, owning scope, schedule, and quality across Agile teams following the Spotify Model.
- Managed program-level risks, cross-team dependencies, and stakeholder communications across globally distributed teams.
- Strengthened delivery governance by establishing a weekly program health dashboard for senior stakeholders, replacing ad-hoc status updates, and improving leadership confidence in delivery predictability.
- Spearheaded the enterprise-wide adoption of SWIFT's mandatory independent assessment process, coordinating across global teams to achieve full compliance attestation ahead of annual deadlines — with zero non-compliance flags raised.

Capital One — Agile Delivery Lead

Mar 2019 – Jul 2021

Agile Delivery Lead (via Agasti LLC) • Virginia, USA

- Led 3 Agile teams through Scrum adoption and continuous-delivery practices, improving sprint predictability and delivery throughput.
- Facilitated Agile ceremonies, backlog management, and PI planning across teams, removing impediments to keep delivery on track.
- Partnered with Product Owners and business stakeholders to deliver enhancements to Capital One's digital banking platform, improving customer self-service capabilities, and reducing manual processing time.

SWIFT Inc — Project Manager

Jan 2017 – Mar 2019

Project Manager (via Agasti LLC) • Virginia, USA • Global COTS Rollouts & Upgrades

- Delivered multiple cybersecurity and infrastructure COTS programs — ServiceNow, Tanium, NetMRI, IPAM, and Oracle Tuxedo — across the US, Europe, Hong Kong, and Kuala Lumpur.
- Owned end-to-end delivery, risk mitigation, and production rollouts for globally distributed teams spanning multiple time zones, ensuring zero-defect go-lives.

- Defined business requirements with stakeholders, translated them into project plans, and maintained continual progress reporting to team, customers, and the project office.

Capital One — Agile Scrum Master

Apr 2013 – Jan 2017

Agile Scrum Master (via Wipro) • *Virginia & Delaware, USA*

- Coached and transformed 13 Agile Scrum teams (6–11 members each) across Retail Banking, AML, Basel, and Big Data programs — including Spark Pay, KYC, Fill the Lake, and Basel compliance initiatives.
- Embedded Agile best practices — ATDD, pair programming, sprint ceremonies, and self-organizing teams — enabling Capital One's squads to shift from waterfall to sprint-based continuous delivery.
- Facilitated Daily Standups, Sprint Planning, Grooming, Reviews, and Retrospectives, and coached both onshore and offshore team members in the Scrum framework.

Wipro Technologies — Project Manager / Engagement Lead / Transition Manager **Nov 2003 – Mar 2013**

Project Manager / Engagement Lead / Transition Manager • *Bangalore, India* • *Virginia, USA*

Clients: Capital One, Lloyds Banking Group, Nortel

- Delivered Europe's largest data warehouse migration for Lloyds Banking Group — migrating 35 million Halifax bank accounts onto the Lloyds platform using DataStage — leading a 17-person offshore team and coordinating with client SMEs to deliver on schedule.
- Managed banking transformation, application support, migration, and transition programs across Capital One, Lloyds Banking Group, and Nortel — spanning development, L3 incident management, and knowledge transition across offshore and onshore teams in India, the UK, and the USA.
- Led offshore–onshore coordination and SLA delivery for Capital One's DDE data distribution platform — managing a team of 30, presenting daily/weekly/monthly status reports to the client, and ensuring L3 incident resolution and release governance targets were consistently met.
