Professional Experience:-

BCT Consultancy- Client-BNP Paribas - Mumbai

Role:- Business Analyst.

Jan'2025 – Feb'2026

Worked with BNP Paribas in Reconciliation team. We support Operation team on recon related issues by using Intellimatch application such as New Recon setup, any enhancement in existing Recon, Matching rule or Recon frequency change Reporting etc.

- Requirement gathering and preparing User Stories\BRD\FRD
- Walk through requirement with Dev team in Product Refinement calls.
- Conduct daily scrum call, meetings, follow up on Jira tickets.
- Attend BAU calls and provide status
- Assist team on UAT and follow ups with users.
- Sprint Planning and prioritization of Jira tickets.
- Perform ad-hoc requests if any during current sprint.
- Act center point of contact for all project activities liaising with Delivery Managers.

TrainSmart IT Services - Mumbai

Role:- Business Analyst.

Dec'2023 – Nov'2024

Worked with TrainSmart IT services in Banking team. We support Operation team on Billing and Recon related issues by using Intellimatch application such as Implementing Agile methodologies, enhancement in existing system, Reporting etc.

- Requirement gathering and preparing User Stories, BRD
- Conduct daily scrum call, meetings, follow up on Jira tickets.
- Attend BAU calls and provide status.
- Assist team on UAT and follow ups with users.
- Sprint Planning and prioritization of Jira tickets.
- Perform ad-hoc requests in any during current sprint.

- Training to new joiners in the team.

HCL Client- Statestreet Bank- Mumbai

Role:- Business Analyst.

Aug'2015 – Sep. 2023

During my tenure with HCL, I spearheaded a pivotal project focused on enhancing reporting capabilities, crucial for informed decision-making and regulatory compliance. Leveraging advanced analytics and streamlined Reconciliation processes, I optimized reporting structures, enabling stakeholders to access real-time data insights efficiently. This experience honed my ability to navigate complex financial landscapes.

- Elicit & Translate Business requirements to User Stories\BRD\FRD\SRS.
- Led multiple core banking system projects from inception to completion, ensuring timely delivery and adherence to budget constraints.
- Conduct Gap Analysis\Impact Analysis on Business Process using techniques like use case diagrams (UML) \ Flow charts.
- Skilled in risk management, Quality assurance, and stakeholder communication within core banking projects.
- Verification \ Validation of requirements to ensure they deliver business value by conducting various Reviews and workshops with clients.
- Performed quality assurance (functional testing) and User Acceptance Testing (UAT) facilitating on-time, on-budget and Acclaimed “go-live” of the application.
- Act center point of contact for all project activities liaising with Delivery Managers. Migrated Derivative process from China.

Syntel-Client-Statestreet Bank – Mumbai

Role :- Senior Associate.

May'2008 – Apr. 2014

- Reconcile clients' books of accounts with the External Custodian, focusing on equity portfolio management.
- Conducted daily cash recon between Custodian bank & Investment Manager using TLM - Transaction Lifecycle Management, Internal and external Payments.
- Perform tie-outs and true-ups for monthly and quarterly accounts, ensuring timely statement approval.
- Monitor and manage client accounts, including financial transactions and service usage.
- Interact with clients for MIS reporting via emails and conference calls.
