Professional Summary

Seeking a Software Developer role to apply my 2+ years of experience in building efficient and scalable applications, while continuously learning and contributing to innovative projects. I bring strong leadership qualities, adaptability to dynamic environments and a proven ability to work effectively as a team player to deliver impactful solutions.

Technical Skills

- Programming Languages : Java, JavaScript, TypeScript
- Technologies : Angular 15+, Spring boot, HTML5, CSS3, React JS, Apache Kafka
- Query Language : SQL
- Databases : PostgreSQL, MongoDB
- IDE's : Visual Studio Code, Spring Tool Suite4, PG Admin4, Jaspersoft Studio, Eclipse, Oracle SQL Developer
- UI Libraries : PrimeNg, Primeflex, Bootstrap
- Version Control Tool : Git, GitHub and GitLab
- API Testing Tool : Postman

Work Experience

dWise Healthcare IT Solutions Pvt Ltd.

December 2023 - Present

Software Engineer

Bengaluru

- As a Full Stack Developer, developed responsive Web Applications using Angular 15+ and implemented user interfaces using HTML5, CSS3 and TypeScript.
- Designed and developed RESTful APIs using Spring Boot and worked with both SQL and NoSQL Databases.
- Integrated Kafka for event-driven architecture and message queuing.
- Designed and developed report templates using Jaspersoft Studio and integrated reports into web applications for data visualization.
- Participated in Code Reviews and provided constructive feedback.
- Involved in Agile Model Procedure for Application Development.
- Utilized Feign Client for seamless communication between microservices, simplifying HTTP requests and enhancing data transfer between distributed systems.
- Demonstrated expertise in SQL queries by optimizing complex queries, creating efficient joins, and ensuring data integrity and performance in relational databases.
- Managed dependencies and builds using Maven for streamlined development.

JSpiders Pvt Ltd.

February 2023 - September 2023

Mern Full Stack Developer Intern | onsite

Bengaluru

- Developed dynamic, responsive web application using React, enhancing user experience by implementing state management and functional components for interactive interfaces.
- Gained proficiency in Core Java for backend development and SQL for database management, optimizing queries and supporting database integration in projects.

Projects

Health Information System

December 2023 - Present

Angular 15+, Spring Boot, PostgreSQL, TypeScript, Jasper Reports, Kafka, MongoDB, PrimeNg, SQL, Java

- The HIS is designed to manage patient health records, offering healthcare providers a centralized platform for tracking, updating and accessing critical medical information across various specialties.
- The System consists of around 40+ distinct modules, each catering to specific healthcare functions such as patient registration, appointment, billing, consultation etc. ensuring flexibility and scalability.

- By streamlining patient data management, the system enables healthcare professionals to provide timely, informed decisions, improving overall patient care and treatment outcomes.
- By Implementing role-based accessibility for different user types such as doctors, nurses and patients, which enabled secure and tailored web application experiences.

Dance Academy Web App

July 2023 - September 2023

React JS, Sprig Boot, MySQL, HTML5, CSS, Java

- Created a Dance Academy React Web Application with features for class schedules, Student registration and instructor management showcasing dynamic and responsive UI using React.
- Integrated database operations with Mongo DB and MySQL, ensuring smooth data management and user interactions.
- Implemented user authentication and role-based access control (admin, instructor, student), allowing secure access to personalized dashboards and managing different user privileges efficiently.

Education

Bachelor of Engineering

August 2016 - September 2020

New Horizon College of Engineering
9.59 CGPA

Bengaluru

Achievements

Academic Excellence Award

October - 2020

- Received “Academic Excellence Award” from New Horizon College of Engineering, Bengaluru for outstanding academic performance in engineering from 2016 to 2020.

LIC Student of the Year

January - 2014

- Received “LIC Student of the Year - 2013” from Life Insurance Corporation, Kumta branch for outstanding academic performance in 2012-13.
