interest, and capital activity bookings as per client records

Senior Associate

WNS Global Services

- Prepare Daily Close Reports (DCR) to analyze variances and identify unrealized gain/loss or amortized gain/loss breaks.
- Execute Transaction Lifecycle Management (TLM) to detect fund accounting discrepancies or custody-related postings requiring WNS intervention for accurate net-off processing.
- Investigate overdrafts identified through TLM and communicate findings to custody teams to facilitate efficient fund management.
- Monitor Exception Management System (EMS) to research, review, and resolve exceptions, ensuring timely closure.
- Conduct detailed research on accrued interest breaks using Bloomberg and resolve other discrepancies through lone.
- Perform middle office reconciliations with prime brokers for trades, positions, and cash to maintain accuracy.
- Prepare Swap Reconciliations and investigate pending wire discrepancies when balances do not align between Custody and Spectra.
- Deliver comprehensive monthly fund performance analysis reports to clients.
- Collaborate with administration to compile monthly NAV packages, incorporating financial statements such as Balance Sheets and Income Statements.

Feb 2020 - Jun 2021

Associate

SS&C GlobeOp

- Perform daily cash and position reconciliation by matching Investment Management (IM) reports against Custody reports for hedge funds
- Investigate, review, and resolve cash and position discrepancies promptly; escalate unresolved issues to internal and external stakeholders
- Deliver daily fund performance analysis to clients and prepare detailed monthly NAV packages
- Utilize Bloomberg Terminal for researching corporate actions and obtaining accurate pricing data
- Reconcile client positions against prime broker and administrative records to ensure consistency and accuracy
