

ROHITH VENKATESH

Fund Accounting | NAV Operations | Hedge Fund, Private Equity, Real Estate & Crypto Funds

Bengaluru, India 560043 | +91 9481470162 | roh_09121994@yahoo.com

PROFESSIONAL SUMMARY

Finance MBA with 5+ years of progressive experience in fund accounting, NAV operations, and financial reporting across private equity, real estate, and digital asset (crypto) fund structures — core disciplines directly transferable to hedge fund and alternative investment fund administration. Currently supporting Goldman Sachs Asset Management's real estate fund operations through a consulting engagement with Grant Thornton, preparing and reviewing NAV files, managing capital call processing and investor allocations, and supporting audit and due diligence. Proficient in Geneva, Investran, Lemon Edge, and Solvas. Known for sharp attention to detail, strong client and onshore team coordination, and a consistent record of driving process efficiency within tight SLA environments.

CORE COMPETENCIES

- | | |
|--|---|
| • NAV Calculations & NAV File Review | • Investor Allocations & Reporting |
| • Capital Calls & Distributions | • Performance & Management Fee Calculations |

PROFESSIONAL EXPERIENCE

Real Estate Fund Accounting Analyst

Oct 2025 -

CGB SOLUTIONS Present Goldman Sachs Asset Management (Consulting Engagement via Grant Thornton)
| Bengaluru

- Support accounting and reporting across real estate investment structures, managing capital call processing, distribution waterfalls, and investor-level allocations with precision
- Prepare and review Net Asset Value (NAV) files and perform variance analysis to ensure accurate fund valuations and timely reporting across reporting cycles
- Assist in the preparation of financial statements and investor reports that directly support portfolio decision-making and LP communications
- Perform quality assurance checks on data received from internal support functions ahead of client delivery
- Collaborate with global cross-functional teams on fund performance analysis, ensuring alignment on reporting timelines and deliverable quality
- Contribute to audit and due diligence processes, maintaining rigorous data accuracy and adherence to regulatory and compliance standards

Associate Manager – Fund Accounting

May 2024 - Sep 2025

Formidium | Bengaluru

- Led fund accounting operations for a portfolio of traditional and crypto funds, managing the full accounting lifecycle from trade capture through client-facing reporting

- Oversaw end-to-end fund accounting for both traditional and digital asset (crypto) fund structures, ensuring accuracy across NAV computations, fee calculations, and reconciliations
- Managed trade capture, position reconciliations, and portfolio-level reporting for crypto fund clients, adapting to the unique settlement and valuation mechanics of digital assets
- Calculated management and performance fees in line with fund LPAs and investor agreements, resolving discrepancies proactively before reporting deadlines
- Coordinated with onshore teams and auditors during financial reviews and year-end audits, ensuring all deliverables met compliance and SLA requirements
- Identified and implemented process improvement and automation initiatives, reducing manual intervention across key accounting workflows

Systems Used: Geneva, Investran, Solvas

Associate – Fund Accounting

Jun 2020 - May 2024

Apex Funds Financial Services | Bengaluru

- Contributed to fund accounting operations for a global leader in private equity fund administration, progressing from execution to review responsibilities over four years
- Prepared and reviewed financial statements for private equity funds, ensuring accuracy and adherence to applicable accounting standards
- Managed trade capture, position reconciliations, and audit processes across multiple fund mandates simultaneously
- Served as the primary point of contact for onshore teams and clients, resolving accounting queries with a focus on speed and accuracy
- Maintained strict SLA adherence across reporting deliverables and implemented efficiency initiatives that reduced average turnaround time by 15%

Intern – Fund Accounting

Apr 2019 - Jun 2019

JMarathon Advisory Services | Bengaluru

- Gained foundational exposure to equity research, stock market analysis, and portfolio management principles
- Developed and back-tested trading strategies, preparing structured analytical reports for senior advisors
