PROFESSIONAL EXPERIENCE

Senior Associate | State Street Global Advisors India Pvt Ltd

07/2020 – 05/2026

Bangalore, Karnataka

- Tracked quarterly fund valuations from capital accounts and rolled forward valuations using cash flow notices, ensuring accurate, up-to-date fund performance data across various asset classes.
- Performed trade capture and validation of investment transactions by recording capital calls, distributions, subscriptions, and fund movements, ensuring accurate transaction booking, reconciliation, and downstream NAV reporting
- Tracked original commitments and unfunded obligations using cash flow notices and capital accounts, supporting accurate capital planning for private equity and real estate funds.
- Processed capital calls, distributions, and valuations to capture fund investment cost, realized/unrealized value, and gross/net multiples within Efront, ensuring accurate financial reporting.
- Supported preparation of monthly/quarterly investor reports covering fund and portfolio company performance, including NAV and capital account activity.
- Executed wire transfers and fund movements under strict compliance controls, safeguarding accuracy.
- Monitored custody cash positions daily to protect liquidity, flagging and resolving discrepancies before they impacted operational efficiency.
- Identified and implemented process improvements to fund reconciliation and reporting workflows, increasing team productivity and reducing turnaround time.
- Reviewed TPD occupancy variances against NOI analysis to identify discrepancies, supporting data-driven decision-making for real estate fund performance.
- Delivered TIC SLT regulatory reports for RE and IPE funds to the compliance/regulatory team, meeting all submission deadlines.
- Coordinated invoice processing and purchase order generation with the Accounts Payable team, synchronizing reporting to eliminate reconciliation gaps.
- Responded to tax audit requests by preparing and submitting required documentation within specified timelines, supporting a clean audit trail.

- ▶ Processed and analyzed client trading activity on the Envestnet platform, identifying and correcting performance discrepancies to maintain data accuracy.
- ▶ Verified quarterly performance reports for client accounts, ensuring accuracy prior to client delivery.
- ▶ Performed portfolio center reconciliation and dedicated portfolio management support for an assigned client book, maintaining data integrity across reporting cycles.
- ▶ Utilized multiple custodian platforms to perform account-level reconciliation, ensuring accuracy of holdings and cash positions across client accounts.
- ▶ Posted daily security pricing for client portfolios via the Portfolio Center platform and processed corporate actions, reconciling accounts to ensure accuracy.
- ▶ Resolved client service tickets, including requests received outside standard SLA windows, maintaining service quality and client satisfaction under time pressure.
- ▶ Partnered directly with a US-based servicing team to deliver responsive, high-quality client service and support ad hoc project requests within deadline.

EDUCATION

MBA – Finance & Marketing | FISAT Business School, Ernakulam, Kerala | 06/2014 – 05/2016

B.Com – Finance | St. Joseph College, Thrissur, Kerala | 06/2011 – 05/2014
