

Raj Muhammad Ali

Patna, Bihar, India | +91 88929 53125 | rajmdali4@gmail.com | www.linkedin.com/in/raj-md-ali

Professional Summary

- Senior Software Engineer with over 10 years of experience in Java-based product development across **e-commerce, agriculture tech, procurement, telecom, and airline industries**.
- Proven expertise in backend development using **Java, Spring (Boot, Batch, MVC), Microservices, JPA, SQL Server, Oracle, CosmosDB, MongoDB, Restful web services & Crojobs**.
- Proven expertise in Messaging and Caching services – **Apache Kafka, Redis, MeghaCache**.
- Hands on modern cloud technologies - **Azure (Blob, CosmosDB, Storage), AWS (S3, IAM, Lambda), WCNP (CI/CD, K8s, Dxconsole)**.
- Hands on Devops tools for version control, containerization, CI/CD, monitoring stacks – **Git, Jenkins, Docker, K8s, Walmart Cloud (WCNP), Splunk, Grafana**.
- Strong knowledge of **Agile development, DevOps practices and Distributed systems**.

Technical Profile

- Languages & Scripts: **Java (8/11/17), J2EE, SQL, NoSQL, PL/SQL, JavaScript**.
- Frameworks & Architecture: **Microservices, Spring Boot, Spring Batch, MVC, Restful, JPA, JSP**.
- Messaging & Caching: **Apache Kafka, Redis, MeghaCache (Walmart)**.
- Event Driven and Concurrency: **K8s Cronjobs, Spring Scheduling Cron, ExecuterService**.
- Databases: **NoSQL – (MongoDB, CosmosDB), SQL (SQL Server, Oracle, MySQL), PL/SQL**.
- Cloud & DevOps: **Jenkins, Docker, Kubernetes k8s, Azure (Storage Blob, CosmosDb, SQL Server), AWS (S3, IAM, SNS, Lambda), WCNP (CI/CD, K8s, Dxconsole)**.
- Web Development: **Restful Web Services, ReactJs, JSP, HTML, CSS, JavaScript, AJAX, JQuery**.
- Logging, Alerts & Metrics: **Log4j, Splunk, K8 Dashboard, Grafana**.
- Tools & IDEs: **IntelliJ, Eclipse, VS Code, SQL Developer, Jira, Postman, Maven**.
- Operating Systems: **Windows, Unix, Ubuntu**.

Professional Experience

Senior Software Engineer | Ascendion for Client Walmart (Sep 2021 – Apr 2025)

Projects: Walmart Translation Platform (WTP), Content Translation Engine (CTE), Massmart Item & Catalogue.

- Developed scalable backend microservices in Java (8–17), Spring Boot, Batch, JPA, Cronjobs, Apache Kafka, Redis.
- Used Azure CosmosDb and Azure Storage for data persistence.
- Built event driven stack cronjobs for scheduling jobs, Redis and Meghacache to optimized and cached the data.
- Built message driven architecture using Apache Kakfka
- Delivered multi-language support features and catalog management in e-commerce systems.
- Integrations and migration of legacy projects in spring boot microservices, vulnerability & codes optimizations.

Senior Software Engineer | Smart Food Safe Solution Inc. (May 2020 – Aug 2021)

Projects: Smart Farm & IAM

- Developed full-stack features using ReactJS, NodeJS, Spring Boot, MongoDB, AWS.
- Enhanced farm management portals for growers and agronomists.
- Developed cross-platform Smart Farm App to run on multiple devices and platform (ios, android, web).
- Integrated UI/UX using Material-UI and supported backend APIs via Spring and NodeJs.

Senior Software Engineer | Marlabs Software Pvt Ltd (May 2019 – May 2020)

Projects: PAXIA IFX (Inflight Exchange) – SaaS for airline/rail onboard services.

- Full-stack development with JSP, ReactJS, Spring Boot, JPA, Oracle.
- Enabled dynamic reporting, service insights, and performance analytics.
- Integrated UI/UX using Material-UI and supported backend APIs via Spring.

Associate Technical Lead | Zycus Infotech Pvt Ltd (Aug 2017 – May 2019)

Projects: iSupplier – Procurement Domain

- Development of supplier onboarding and self-service portals.
- Full-stack development with JSP, Spring Boot, JPA, MongoDB, SQL Server, Jenkins.
- Streamlined DB performance by eliminating redundant queries
- Streamlined latency by eliminating duplicate and multiple DB calls, refactoring of code efficiency.

Associate Software Engineer | Vmoksha Technologies Pvt Ltd (May 2015 – June 2017)

Projects: VT-Plus – Telecom Domain.

- Full-stack development for enhancement feature using web technologies like- JSP, Javascript, JQuery, Json, css, xml, Spring MVC, Oracle, Jenkins.
Built cronjobs, applied reactive programming, and optimized caching layers.
- Implementations of modules for a dynamic pages and configuration screens based on the number of devices and verticals plan selections.
- Handle and manage billing modules based on the selections of various plans and schemes for the users.

Education

❖ Master of Computer Applications (MCA)

Sambhram Institute of Technology, VTU, Bangalore – 2014.

❖ Bachelor of Computer Applications (BCA)

Zakir Hussain Institute, Sikkim Manipal University, Patna – 2010.

❖ Higher Secondary & High School

Govt. Higher Secondary School, Arunachal Pradesh – 2004–2006.

Certifications

❖ Certified Java Programmer – Java Learning Centre, Bangalore.

❖ National Workshop on “Living and Working with Data”.

Projects During Academics

❖ Online Revenue Recovery System (Java, JSP, MySQL): Revenue data insights for district administration.

❖ Client Management and Policy Reminder (CMPR) (C#.Net, MSSQL): CRM tool for insurance field agents.

Additional Info

Languages: English, Hindi

Hobbies: Listening to music, reading

Strengths: Analytical thinker, dependable team player, excellent communicator

DOB: 11th Dec 1986

Address: Plot No. 913, Malka Colony, Sector 1, Jamaluddin Chak, Khagaul, Patna, Bihar – 801105.
