

RAMISETTI VENKATA NAGA RAMESH

Mobile: +91-9912928868

Email: rameshramisetti7996@gmail.com

NETWORK ENGINEER WITH 5 YEARS OF EXPERIENCE IN NETWORK Routing & NRS-1 certified (28877), CCNA CERTIFIED ID(CSCO13468004).

Career Objective:

To leverage my expertise in IP/MPLS networking, broadband technologies, and network integration to contribute to a growth-oriented organization while continuously enhancing my technical and leadership skills.

Technical Skills:

- Routing Protocols: OSPF, BGP, ISIS, Static Routing
- MPLS Technologies: MPLS, LDP, VPRN, VPLS, L2VPN & L3VPN
- Broadband Technologies: BNG, DHCP, PPPoE, AAA, Tacacs, DNS
- Switching: VLAN, STP, VTP
- Operating Systems: Nokia SR OS & Cisco IOS
- Platforms: 7250 IXR 10, 7750 SCR2 & 7750 SR-1, Cisco routing & switching
- CCNA, NRS-1 & NRS-2

Technical certification:

Nokia Network Routing Specialist I (NRS-I) – ID: 28877

Cisco Certified Network Associate (CCNA) – CSCO13468004

Work Experience (5 years):

- **Present Organization: Nokia Solutions Pvt Ltd.**
Payroll: STL Digital Ltd
Employment Tenure: 22-July-2024 to till date
Designation: Sr.Network Integration Engineer
- **Previous Organization:**
Name of Organization: **SUPREME SOLUTIONS PRIVATE LIMITED**
Employment Tenure: 01-Dec-2021 to 20-July-2024
Designation: Network Engineer

Job Responsibility at Nokia Solutions Pvt LTD:

Payroll: STL Digitals

Designation (Sr.Network Engineer):

Project: Airtel FWA BNG (Airtel Fixed Wireless and Broadband Network)

(client Bharti Airtel):

Role: Coordination with upstream service providers and clients for bandwidth delivery and issues. Handling Routing & Switching. Configuration end to end nodes, integrating nodes successfully with all test cases pass & successfully participated in the deployment and integration of Nokia FWA BNG nodes for Bharti Airtel's Fixed Wireless Access network.

- I have been part of team that have played vital role in integrating the Nokia FWA BNG Routers & switches in one of the largest ISPs of India (Bharti Airtel).
- Working as network implementation / Migration Engineer.
- Conducting Proof of Concept (PoC) activities for new network deployments
- Configure services, like BGP, LDP, MPLS, VPRN, VPLS, OSPF on Nokia SR series routers.
- Software upgradation of Nokia Core Boxes through remote.
- Performing protocol-level debugging and log analysis for issue resolution
- Creating link aggregate LAG, LACP Active as per design.
- Preparation of migration strategy and discuss with customer.
- Part of preparing MOP's, HLD, LLD as per configuration requirement from customer.
- Configuration of BNG (Broadband Network Gateway) with DHCP and creating subscriber interfaces.
- Acceptance test preparation and taking confirmation from customer or writing.
- Performed all the test cases like LI integration, AAA integration, Tacacs Integration, alarm testing with NSP, PPP sessions & IPOE sessions as per the customer requirements.
- Delivering 5G network along with 4G to PPPoE & IPoE customers.
- Documenting all configuration changes and processes through change management processes
- Joining bridge calls during connectivity issues and analyzing the issues to work with other teams
- Configuration/ Troubleshooting of various IGP/EGP protocols (BGP, MPLS, ISIS, L2VPN, L3VPN)

Job Responsibility at SUPREME Solutions Pvt LTD:

Designation (Network Engineer): Working for **Super Core Project (BSNL) & CUP's BNG (BSNL)**

Role: Coordination with upstream service providers and clients for bandwidth delivery and issues. Handling Routing & Switching. Configuration & Troubleshooting on Nokia Devices. Monitoring the network using various tools which include Nokia-EMS, Whatsup gold & Solar-wind etc.

- I have been part of team that has played vital role in integrating the Super Core Routers in one of the largest ISPs of India (BSNL).
- As per the role assigned to me, I have ensured the successful migration of existing BSNL routers with latest state-of-the-art technology (Nokia SCR).
- Apart from implementation, along with the team I have ensured to plan the entire future operations for the benefit of the project and the client.
- I have ensured to meet all the deadlines/targets assigned to me & I being part of team have streamlined entire operations.

- Planning migration strategy of links/ Devices as per customer requirement
- Implemented NOKIA SCR devices in BSNL MPLS Network
- Routing Protocols OSPF, ISIS and BGP in MPLS Network.
- Working as implementation / Migration Engineer.
- Migration of MPLS Core & Internet Gateways from legacy Huawei to Nokia Products.
- Software upgrades for SR7750 & 7250 IXR products
- Worked in Operations & Maintenance of SCR Project
- Handling Configuration Change Requests from Clients in time to meet SLA
- Taking utilization reports in various network devices periodically.
- Raising tickets with ISPs and OEM & Device vendors for any software/Hardware failure and coordinating with them to resolve the issue
- Documenting all configuration changes and processes through change management process
- Monitoring the network using various tools which include MRTG and Nokia-EMS, Whatsup gold & Solar-wind etc.
- Joining bridge calls during connectivity issues and analyzing the issues to work with other teams
- Configuration/ Troubleshooting of various IGP/EGP protocols (BGP, MPLS, ISIS, L2VPN, L3VPN)
- Coordinate with vendors for changes network, adhered to the SLAs timely field support, holding planned events for any major events or Outages.
- Part of Network operations team is responsible for Monitoring, troubleshooting, Investigating, diagnosing, and resolving all network problems.

Key Achievements:

- Successfully integrated Nokia FWA BNG infrastructure for Bharti Airtel
- Participated in BSNL Super Core MPLS migration from Huawei to Nokia platforms.
- Performed BNG validation including AAA, TACACS+, LI, PPPoE, and IPoE testing.
- Executed multiple network migrations with minimal service impact.
- Supported large-scale ISP backbone and broadband network deployments.

Educational Qualification

- Completed **B. Tech** (CSE) from NRIIT college (JNTUK)
- SSC from SFS High School, Agiripalli

STRENGTHS:

- Ability to work in a team with diverse backgrounds.
- Strong commitment to quality
- I am willing to learn and adapt to new opportunities and challenges.
