Work Experience

Senior Analyst – eClerx

Sep 2024 - Present

- Supported the end-to-end lifecycle of OTC Interest Rate Swap (IRS) trades, including trade capture and confirmation through settlement and maturity.
- Performed rate reset drafting, trade confirmations, and cash flow settlement activities while ensuring compliance with internal controls and client SLAs.
- Executed OTC trade reconciliation by validating trade economics, cash flows, and positions across internal systems and counterparties to identify and resolve breaks.
- Collaborated with front office, middle office, settlements, and counterparties to ensure timely trade processing and accurate lifecycle events.
- Assisted in margin and collateral-related processes to maintain operational accuracy and reduce settlement risk.
- Monitored trade exceptions, investigated discrepancies, and ensured prompt resolution to minimize counterparty and operational risk.
- Contributed to process improvements by identifying automation opportunities and maintaining audit-ready documentation.
