PROFESSIONAL SUMMARY

Investment Banking & **Middle Office Operations, Trade Operations, Treasury Operations** professional with 6+ years of experience across **Capital market, Client Implementation, Client Onboarding, Wealth & Portfolio Management, Global Treasury Operations, and Trade & Asset Servicing within Global Capital Markets**. Proven track record managing **liquidity management**, liquidity structuring, treasury solutions, and **cross-border payment processing (WIRE, ACH, NACHA)**, alongside end-to-end **trade capture, clearing & settlement, break resolution, and reconciliation (Cash, Position, Nostro, OTC)** across **Equity, Fixed Income, Bonds, Derivatives, and FX**. Skilled in leading **client migration and onboarding projects, UAT testing, BRD/FRD authoring, and JIRA-driven delivery**, with strong **stakeholder management** across Front, Middle & Back Office, **Prime Brokers, and Custodians** in a regulatory-aligned, controls-focused environment.

KEY ACHIEVEMENTS

- **Led Client Implementation** and Client Onboarding for institutional clients, **coordinating Wealth & Portfolio Management, Assets Management**, and Global Treasury Operations to ensure accurate, compliant client outcomes.
- Delivered **Liquidity Management and Liquidity Structuring solutions** and **drove Client Migration projects**, stabilizing daily operations during **high-volume periods** and reducing recurring trade breaks.
- Trained and mentored new hires and led a workstream to standardize **break-resolution** procedures, improving team consistency and turnaround time.
- Authored **BRD & FRD documentation** and **supported UAT Testing tracked via JIRA**, translating business requirements into functional specifications for platform migrations.
- **Acted as primary escalation point for complex client queries**, partnering directly with Prime Brokers and Custodians to protect SLAs.

PROFESSIONAL EXPERIENCE

Senior Associate — Client Implementation | BNY Mellon — Pune, India

Oct 2024 – Jan 2026

- Delivered **end-to-end Client Implementation and Client Onboarding services** for institutional clients, coordinating across Front, Middle, and Back Office to ensure seamless account setup and service delivery.
- Managed Wealth and Portfolio Management services including assets management, account opening, and **end-to-end portfolio servicing to support accurate reporting and client satisfaction**.
- Supported Global Treasury Operations and **Capital Markets functions spanning cash management, liquidity, payments, and reconciliations for institutional clients across multiple regions**.

- Drove Liquidity Management, Liquidity Structuring, and Treasury Solutions initiatives aligned with client and regulatory requirements across cross-border treasury operations.
- Led Client Migration and Client Onboarding projects as central point of coordination across Front, Middle, and Back Office stakeholders, delivering a **lockbox setup project with zero disruption**.
- Processed and **validated real-time** and **cross-border payment transactions** across both international and domestic payment processing channels (WIRE, ACH, NACHA), performing bank reconciliation to ensure accuracy and compliance.
- Provided business support on **client-facing projects**, gathering requirements and coordinating with stakeholders through delivery to align solutions with payment processing needs.
- Supported UAT testing for platform migrations and system enhancements, logging and tracking items via **JIRA** to ensure quality delivery.
- Authored BRD and FRD documentation, translating business requirements into functional specifications to guide platform migrations.
- Directed **Hedge Fund Accounting NAV calculations, net asset valuations**, and banking operations activities including clearing, settlement, **cash, and position reconciliation** across Equity, **Fixed Income, Derivatives, and FX asset classes**.

Senior Analyst — Hedge Fund Services, Middle Office Operations | Northern Trust — Pune, India

Sep 2021 – Oct 2024

- Delivered end-to-end **Trade Support** across the complete **Trade Life Cycle** — booking, **affirmation, confirmation, clearing, and settlement** — for listed and **OTC** products.
- Managed **Trade Capture**, Confirmation, Fails Management, and **Break Resolution** for listed products, ensuring timely **T+0/T+1/T+2 trade validation** with **Prime Brokers and custodians**.
- Handled **trade booking, amendments, pricing updates, and allocations** via **Omega CTM** and Oasys, supporting mark-to-market (MTM) processing across the **trade life cycle**.
- Provided **trade operation support and clearing & settlement services** across **Equity, Fixed Income, Derivatives, and Trade Finance instruments, maintaining clean books and records**.
- Owned resolution of cash and position breaks and aged-item escalations, acting as key liaison **across Front Office, Middle Office, and Prime Brokers**.
- Directed derivative and **cash balance management**, fund accounting, and fixed income processing while identifying team-level risks and implementing process controls that stabilized operations.
- Trained new hires on **trade capture, confirmation, and break-resolution** workflows, accelerating ramp-up to independent case handling.

Senior Analyst — Middle Office Operations | State Street — Pune, India

Aug 2019 – Aug 2021

- Executed end-to-end Reconciliation across **Cash and Position, Bank Reconciliation, Nostro, and OTC products for hedge fund clients, performing daily reconciliations with custodians**.
- Managed the full **trade life cycle** including confirmation, **settlement**, and **reconciliation** across **Derivatives, Fixed Income, and Capital Markets instruments**, alongside hedge fund accounting responsibilities.
- Used **TLM** for cash balance matching and **OTC derivatives reconciliation**, contributing to process migration projects supporting end-to-end global client services.
- Built strong working knowledge of **Capital Markets, Equity, Bonds, and Derivatives, applying this understanding to daily reconciliation and settlement activities**.
