SUMMARY

Network Lead & Security Engineer with proven expertise in designing, implementing, managing, and monitoring LAN/WAN, SD-WAN, and MPLS infrastructures. Skilled in Juniper SRX, Aruba solutions, OSPF, BGP, and IPSec VPNs, with strong experience in enterprise network operations, ISP failover, and global WAN support — delivering secure, reliable, and high-performance networks.

SKILLS

- Network configuration
- Wide Area Network Skills
- Local Area Network Skills
- Software-Defined Networking Knowledge
- IP Addressing Expertise
- Routing Protocols Expertise
- Switching Technologies Mastery
- Change Management
- Technical infrastructure migration
- VoIP knowledge
- Customer Support and Service
- Team Collaboration and Communication

EXPERIENCE

- LEAD SPECIALIST, NETWORK AND SECURITY**, 03/2025 - Current
Benchmark Gensuite, BENGALURU
Experienced Network Lead and Security Engineer with expertise in designing, implementing, managing, and monitoring global WAN, LAN, SD-WAN, and MPLS environments across geographically distributed enterprise networks. Skilled in configuring and maintaining Juniper SRX firewalls, Aruba switches, Aruba AirWave, ClearPass, IPSec VPNs, and Cloudflare Magic WAN solutions to ensure secure, scalable, and high-performance network infrastructure. Strong hands-on experience with routing protocols including OSPF and BGP, WAN optimization, ISP failover, network security, and enterprise wireless infrastructure. Proficient in network monitoring and performance management using tools like CheckMk, with proven ability to troubleshoot complex network issues, optimize network reliability, maintain technical documentation, and collaborate with cross-functional teams to support business-critical operations and global connectivity requirements.
-
- SENIOR NETWORK ENGINEER**, 09/2024 - 03/2025
EPSTOM SPEC CHEM PVT LTD, Client LTIMINDTREEE, BENGALURU
Led the design, implementation, and support of enterprise LAN, WAN, SD-WAN, and MPLS infrastructure across multiple locations. Managed routers, switches, firewalls, VPNs, and network security solutions to ensure high availability, performance, and secure connectivity. Worked on SD-WAN deployments, MPLS optimization, ISP

coordination, network monitoring, troubleshooting, and Tier 3/4 support while collaborating with cross-functional teams to improve overall network reliability and scalability.

SENIOR NETWORK SPECIALIST, 06/2024 - 08/2024

HCL TECH, BENGALURU, IN

Worked as a Senior Network Specialist supporting Verizon enterprise customers in a 24/7 network environment. Experienced in configuring and troubleshooting BGP, OSPF, EIGRP, MPLS, and SD-WAN technologies while managing LAN/WAN services, IP addressing, and managed circuit activations. Worked with Cisco, Juniper, Aruba, Versa, Meraki, and ADTRAN devices, providing network monitoring, packet analysis, troubleshooting, and end-to-end service delivery support.

NETWORK ENGINEER, 05/2019 - 05/2024

Accenture Solutions Pvt. Ltd., BENGALURU

Managed LAN and WAN infrastructure operations, network migrations, and implementation activities for enterprise environments. Supported VoIP and PRI-to-VoIP migrations, SIP troubleshooting, MACD activities, and SBC-related issue resolution while improving network performance through monitoring and troubleshooting. Also handled network documentation and coordinated with vendors and service providers for successful delivery and setup of network services.

OPERATIONS TEAM LEADER, 05/2018 - 03/2019

ASCENT HR, Client Flipkart India Pvt. Ltd., BENGALURU

Managed day-to-day team operations and coordinated workflow activities to ensure smooth business operations. Provided training, guidance, and performance monitoring for team members while maintaining operational reports and ensuring effective communication and process execution.

EDUCATION

New Horizon College Of Engineering, BENGALURU, 08/2017

BE: Information Science

Sri Bhagawan Mahaveer Jain College, KGF, 03/2013

2nd PUC: PCMC

Sree Mahaveer Jain School, KGF, 04/2011

SSLC

PROJECTS HANDLED

LAN & WAN Activations

- Speed Way
- ATI
- Bridgestone
- Tylin

Porting & Migration

- Tesconet
 - Addus Healthcare
-

CERTIFICATIONS

- CCNA Routing and Switching (CSCO13420016).
- Best Performer Award at Accenture.
