

Sanghamitra Krishnatraya

Private Equity Fund Accounting | NAV Oversight | Reconciliation Governance | Investment Operations

Ph: 9611374086

PROFESSIONAL SUMMARY

Fund Accounting and Private Equity Operations professional with 6+ years of experience across NAV oversight, reconciliation governance, capital activity processing, and fund migration within global investment banking environments. Strong expertise in cash and position reconciliation, exception management, PE fund operations, and control enhancement initiatives. Experienced in leading governance reviews, managing stakeholder coordination, and driving process improvements to reduce operational risk and improve delivery efficiency. Proven ability to lead teams, manage escalations, and support complex fund operations in high-volume environments.

KEY ACHIEVEMENTS

- Reduced downstream reconciliation rework by 30% through enhanced upstream validation controls.
 - Achieved 95% same-cycle break resolution through proactive exception management and stakeholder coordination.
 - Supported successful PE fund migration and re-migration activities with zero critical post-go-live issues.
 - Improved analyst onboarding efficiency by 20% through mentoring and process standardization initiatives.
 - Standardized reconciliation review checklists and governance trackers, improving operational accuracy and reporting visibility.
-

Aladdin | Trade Lifecycle Management (TLM) | Vitech | Reconciliation Platforms | Advanced MS Excel | Reporting Dashboards | MS PowerPoint

PROFESSIONAL EXPERIENCE

Goldman Sachs

Senior Associate / Team Lead – Private Equity Fund Operations

Nov 2025 – Present

- Lead fund migration and re-migration validation activities across capital activity, postings, reconciliation outputs, and NAV support processes to ensure seamless transition and operational stability.
 - Review and approve NAV files, reconciliation packs, capital call/distribution postings, and trade uploads prior to downstream reporting and client delivery.
 - Strengthened upstream validation controls, reducing reconciliation rework and operational risk exposure by 30%.
 - Act as primary escalation point for fund administrators, custodians, and internal stakeholders to resolve complex reconciliation and operational exceptions within SLA timelines.
 - Drive governance reporting through maintenance of MIS dashboards, break-aging trackers, and control reporting with 100% on-time delivery compliance.
 - Mentor junior analysts and support knowledge transition initiatives, improving onboarding efficiency and team productivity.
 - Participate in governance forums and operational review meetings with business, operations, and external stakeholders to drive issue resolution and process transparency.
-

Associate – Fund Accounting & NAV Reconciliation

Nov 2023 – Oct 2025

- Managed NAV oversight, cash and position reconciliation, and capital activity processing across multiple private equity fund structures.

- Performed maker-checker review of reconciliation packs, NAV support files, and capital postings in line with governance and control standards.
- Investigated complex cash and position breaks by coordinating with administrators, custodians, and internal operations teams, achieving 95% same-cycle resolution.
- Supported month-end close activities, audit requests, and reporting deliverables while ensuring data accuracy and timely completion.
- Assisted in process improvement initiatives focused on reconciliation quality, operational efficiency, and control enhancement.

Senior Analyst – Fund Accounting & Reconciliation

Jan 2022 – Oct 2023

- Executed daily cash, position, and NAV reconciliations across private equity funds and fund-of-fund structures.
- Prepared reconciliation packs, capital activity files, and NAV support schedules for governance review and sign-off.
- Performed break analysis and root-cause investigation to support timely exception resolution and operational accuracy.
- Coordinated with internal stakeholders and fund administrators to resolve reconciliation discrepancies and support BAU delivery timelines.

Deutsche Bank

- **Analyst – Reconciliation Operations**
- **Jul 2020 – Dec 2021**
- Performed cash and position reconciliation activities across investment products, ensuring accurate break identification and timely resolution within SLA timelines.
- Investigated reconciliation breaks and partnered with internal operations teams, custodians, and stakeholders for root-cause analysis and exception closure.
- Supported daily governance reporting, break-aging monitoring, and escalation management to reduce operational risk exposure.
- Assisted in process improvement initiatives focused on reconciliation accuracy, control enhancement, and reporting efficiency.

- Maintained high accuracy and turnaround standards in a high-volume operational environment.

Analyst – Client Onboarding & KYC Operations

Jun 2019 – Jun 2020

- Supported onboarding and periodic review activities for institutional and private equity clients in line with global KYC and AML compliance standards.
- Conducted client documentation review, screening, and risk assessment to support regulatory and operational compliance requirements.
- Coordinated with compliance, operations, and business stakeholders to ensure timely onboarding completion and issue resolution.
- Assisted in audit readiness, control adherence, and regulatory reporting activities.

KEY PROJECTS & INITIATIVES

Private Equity Fund Migration & Re-Migration

- Led validation activities across reconciliation outputs, capital postings, and operational data during PE fund migration initiatives.
- Ensured accurate transition with zero critical issues post go-live.

Reconciliation Governance & Control Enhancement

- Designed standardized reconciliation review checklists to improve operational accuracy and reduce downstream rework by 25%.

MIS & Reporting Standardization

- Streamlined governance MIS, break-aging trackers, and reporting controls to improve visibility, escalation tracking, and management reporting efficiency.
