PROFESSIONAL EXPERIENCE

PwC Acceleration Center – Governance, Risk & Compliance (GRC) Analyst | Data Quality Control (Assurance) | Ethics and Compliance

Associate (Level 3) - Feb 2023 – Present | Kolkata, India

- Led a global remediation initiative resolving operational status discrepancies across 120+ legal entities, improving revenue alignment, data accuracy and enterprise master data quality.
- Managed the end-to-end Master Data Management (MDM) lifecycle for legal entities, ensuring compliance with SEC, AICPA, GICS and PwC standards.
- Served as Subject Matter Expert (SME) for Legal Entity Management (LEM), driving data governance, SOP development, quality assurance and cross-functional collaboration.
- Managed EMS and CDO requests, validating legal entity hierarchies with 97% accuracy and 96% positive client feedback.

- Executed IT General Controls (ITGC) testing, including user access, change management and logical access reviews ensuring SOX compliance, improving audit readiness and achieving a 98% quality and process efficiency rate.
- Led Governance, Risk & Compliance (GRC) initiatives by evaluating internal controls, tracking remediation activities and collaborating with Audit, IT, Legal and Risk teams, resulting in a 60% improvement in revenue alignment and enhanced operational efficiency.
- Led project go-live activities achieving 95% project efficiency through testing, documentation and process standardization.
- Automated compliance dashboards using Power BI and Alteryx reducing audit preparation time by 40%.
- Supported regulatory audits, entity lifecycle management, data lineage and SEC/CFTC/NFRR regulatory reporting.
- Leveraged Generative AI tools (ChatGPT, Microsoft Copilot, Chat PwC) to improve team productivity by 15%.

PwC Acceleration Center – Risk Management | Quality Control Auditor | Regulatory Governance Specialist

Associate (Level 2) - Jun 2022 – Jan 2023 | Kolkata, India

- Served as a Data Steward ensuring the accuracy, integrity and governance of audit data in compliance with SEC, SOX, PCAOB and internal risk frameworks.
- Performed internal audits and regulatory risk assessments for Fortune 500 clients, identifying control gaps, supporting remediation initiatives and improving audit turnaround time by 25% while maintaining 98% quality and compliance standards.
- Supported fraud investigations through data-driven analysis and strengthened audit readiness through internal control reviews.
- Standardized governance documentation and knowledge-sharing practices improving operational efficiency by up to 80%.
- Trained, mentored and coached a team of 15 new associates on Data Governance, Master Data Management (MDM) and data quality best practices, accelerating onboarding, strengthening process compliance and improving team productivity
- Contributed to Enterprise Risk Management by conducting operational risk assessments, executing control testing, enhancing risk controls and compliance monitoring and driving regulatory compliance, corporate governance, data stewardship and business process improvement initiatives

Axis Securities Ltd. | Senior Executive – Equity Advisory

APRIL 2021 – JAN 2022 | Location: Kolkata, India

- Delivered financial advisory and market insights to retail clients in equity, mutual funds, and SIP investments.
- Promoted regulated financial products in accordance with SEBI and NISM standards.
- Provided reporting and documentation support for compliance verification and KYC/AML checks.
