Employment History

Manager, EY Global Delivery Services

August 2024 - Present Gurgaon

- Led ESG advisory and assurance engagements across CSRD, ESRS, and ISSB, delivering gap assessments, implementation roadmaps, and regulatory compliance strategies.
- Advised C-suite stakeholders on sustainability disclosures, aligning ESG reporting with risk management, value creation, and investor expectations.
- Established and scaled a Double Materiality CoE, standardizing methodologies through templates, repositories, and AI-enabled solutions.
- Delivered double materiality assessments, DMA gap analyses, and governance integration across healthcare, pharma, and F&B sectors.
- Defined ESG Suite product roadmap and led ESG platform enhancements aligned with CSRD and ISSB reporting requirements.
- Led CSRD Barometer and ESG benchmarking initiatives, developing disclosure assessment, scoring, and market intelligence frameworks.
- Developed energy transition strategies, transition plans, and ESG rating improvement frameworks using peer benchmarking and best practices.
- Directed EU Taxonomy eligibility, alignment, DNSH, minimum safeguards assessments, and limited assurance engagements.
- Led client workshops, regulatory walkthroughs, and quality reviews, ensuring compliance with sustainability reporting and assurance methodologies.
- Supported business development through RFPs, ESG maturity assessments, regulatory landscaping, and thought leadership initiatives.

Assistant Manager - Sustainability, EZ-XBRL Solutions

August 2022 - July 2024 Mumbai

- Orchestrated ESG platform development and predictive ESG rating model implementation in collaboration with analytics, research, and product teams.
- Drove requirements gathering, solution design, and ESG reporting framework integration across business workflows.
- Led implementation of Materiality Assessment, CSRD, GRI, TCFD, SASB, CDP, ESG disclosures, validation, and reporting capabilities.
- Directed UAT, stakeholder engagement, and regulatory compliance alignment to optimize platform effectiveness.
- Managed project execution, user adoption, documentation, and continuous enhancement of ESG reporting and analytics capabilities.
- Spearheaded carbon accounting, GHG inventory management, and Scope 1, 2 & 3 emissions quantification initiatives.
- Established ESG performance scorecards, KPI frameworks, and executive dashboards to drive sustainability governance and decision-making.
- Institutionalized ESG governance frameworks, policies, controls, and compliance mechanisms to strengthen sustainability oversight.

Research Specialist - Information Technology, S&P Capital IQ (India) Pvt. Ltd.

September 2021 - July 2022 Gurgaon

- Led Corporate Sustainability Assessment (CSA) framework development, ESG methodology enhancement, and questionnaire design aligned with evolving sustainability standards.
- Supported Fortune 500 companies on ESG strategy, investor reporting, materiality assessment, and integration of ESG factors into investment decision-making.
- Performed ESG research, due diligence, risk assessment, and sustainability benchmarking across supply chains, disclosures, and reporting frameworks including CDP and TCFD.
- Conducted secondary research, competitive intelligence, and market analysis to identify emerging technology and sustainability trends.
- Performed data analysis, benchmarking, and due diligence to support strategic decision-making and risk assessment.
- Developed research frameworks, assessment methodologies, and evaluation criteria for large-scale industry and company analysis.
- Analyzed corporate disclosures, industry reports, and regulatory developments to generate actionable business insights.
- Managed stakeholder engagement and advisory support for Fortune 500 clients across ESG, technology, and business transformation initiatives.

Profile Summary

Results-driven ESG and Sustainability professional with extensive experience leading ESG strategy development, sustainability reporting, climate risk assessments, carbon accounting, ESG ratings management, and regulatory compliance programs across diverse industries. Possessing deep expertise in global reporting and disclosure frameworks, including CSRD, GRI, TCFD, SASB, and CDP, with a strong track record of translating complex sustainability requirements into actionable business strategies. Skilled in conducting materiality assessments, developing decarbonization roadmaps, managing stakeholder engagement, enhancing ESG disclosures, and supporting organizations in meeting evolving regulatory and investor expectations.
