Professional Summary

Results-driven Regulatory Reporting and Compliance Risk specialist with 9+ years of progressive experience in liquidity risk (LCR, NSFR, AMM), Basel III/IV, ALM, IRRBB, and multi-jurisdictional reporting (PRA, HKMA, EBA). Proven track record of delivering end-to-end regulatory compliance, conducting gap analyses, and driving process automation (Python) that reduced manual effort by 50%+. Skilled Business Analyst with expertise in stakeholder engagement, BRD development, and translating complex regulatory requirements into actionable system specifications. ECRL Wall of Fame Award recipient at Wells Fargo.

Core Competencies & Technical Skills

Regulatory Frameworks: LCR (DA/EBA), NSFR, AMM, Basel III/IV, IRRBB (EVE/NII), PRA, HKMA, EBA, GAAP/IFRS

Compliance Risk Management: Risk identification & escalation, 1LOD/2LOD controls, regulatory breach monitoring, audit walkthroughs

Business Analysis: BRD/FSD authoring, gap analysis, traceability matrices, process flow diagrams, requirements gathering, workshop facilitation

Liquidity, ALM & IRRBB: LCR/NSFR calculation & reporting, EVE/NII sensitivity analysis, IRRBB stress testing, interest rate risk modelling, cash flow projection

Automation & Analytics: Python (pandas, openpyxl), Advanced Excel (pivot tables, macros, VLOOKUP), Tableau, SQL

Systems & Platforms: Oracle, Hyperion HFM, TrinTech Cadency, WINSAP, FOTC

Professional Experience

Wells Fargo

April 2024 – Present

Senior Consultant – Regulatory Reporting, Compliance Risk & Remediation

India (Offshore)

- Prepare, review, and publish multi-jurisdictional regulatory liquidity reports including DA LCR, EBA LCR/AMM, NSFR, PRA, and HKMA, ensuring accuracy and on-time delivery each reporting cycle.
- Monitor regulatory compliance on an ongoing basis, report breaches promptly, and ensure adherence to applicable laws, internal policies, and Basel III/IV frameworks.
- Identify, assess, and escalate compliance risks within liquidity reporting processes; collaborate with first and second lines of defence to implement mitigating controls and reduce exposure to regulatory breaches.
- Lead Business Analysis (BA) for liquidity reporting enhancements: gather and document requirements from Treasury, Risk, and Finance stakeholders; produce BRDs, process flow diagrams, and traceability matrices to support system implementations and audit readiness.
- Perform gap analysis between existing reporting processes and LCR/NSFR/AMM regulatory requirements, identifying data quality issues and process deficiencies, and producing detailed findings reports for remediation teams.
- Collaborate with IT and data teams to translate business requirements into functional specifications, ensuring accurate data sourcing and calculation logic for liquidity metrics.
- Facilitate working group sessions and cross-functional workshops with SMEs to validate reporting logic, align on methodology, and document agreed business rules and data definitions.
- Track and manage change requests arising from regulatory updates (e.g., Basel III/IV amendments, PRA/EBA guideline changes); assess downstream impact on liquidity reporting templates and data flows.
- Developed a **Python-based automation tool** to streamline manual liquidity data extraction and reconciliation workflows, reducing manual effort by **50%+** and cutting processing time from 60–90 minutes to **under 30 minutes** per reporting cycle.
- Recipient of the **ECRL Wall of Fame Award** – the highest offshore team honour at Wells Fargo – recognising outstanding contribution to regulatory reporting and operational excellence.

CAPCO (A Wipro Company) | HSBC Operations

January 2021 – February 2024

Liquidity Risk, ALM, IRRBB & Reporting Consultant

India (Offshore)

- Led end-to-end liquidity reporting for HSBC across DA LCR, EBA LCR/AMM, NSFR, PRA, and HKMA frameworks, owning calculation, review, and sign-off for a multi-jurisdictional banking book.
- Ensured Basel III compliance across ALM and liquidity risk frameworks; liaised with regulators and internal audit teams during review cycles and audit walkthroughs.
- Managed Asset Liability Management (ALM) activities to maintain a healthy balance between liquidity, profitability, and risk across the banking book.

- **IRRBB – Risk Measurement & Reporting:** Supported production and review of Interest Rate Risk in the Banking Book (IRRBB) reports under Basel IRRBB standards and EBA Guidelines (EBA/GL/2018/02); contributed to calculation and validation of Economic Value of Equity (EVE) and Net Interest Income (NII) sensitivities across prescribed interest rate shock scenarios (parallel shifts, steepeners, flatteners, and short-rate shocks).
- **IRRBB – Gap Analysis & Regulatory Change:** Performed gap analysis between existing IRRBB measurement frameworks and updated regulatory requirements (PRA SS31/15, EBA IRRBB guidelines); identified deficiencies in repricing gap schedules, model assumptions, and disclosure templates; produced findings reports for senior risk and ALM teams.
- Conducted stress tests and scenario analyses to assess the impact of adverse market conditions on the bank's financial position and liquidity ratios.
- Performed cash flow shortfall and liquidity risk analysis through gap analysis, supporting daily liquidity and cash management including cash flow projections.
- Utilised Oracle, WINSAP, Tableau, and Advanced Excel within a complex, data-intensive regulatory environment.

Genpact

September 2018 – January 2021

Senior Analyst – Financial Reporting & FP&A

India

- Prepared accurate and timely financial forecasts based on market trends, historical data, and business initiatives; monitored budget variances and provided detailed explanations for deviations.
- Led annual budgeting processes in collaboration with cross-functional departments; developed and maintained management dashboards highlighting key financial and operational metrics.
- Assisted in preparation of financial statements and statutory reports in compliance with GAAP/IFRS and organisational policies.
- Drove process improvement, process mapping, standardisation, and automation initiatives, enhancing data quality, accuracy, and operational efficiency.

Accenture

September 2015 – August 2018

Financial Analyst – FP&A (US & UK Accounting)

India

- Performed month-end close activities including balance sheet and P&L reconciliations, fixed assets (capitalisation/disposal/transfer), prepayments, deferred income, accruals, and journal entries using SAP (FICO) and TrinTech Cadency.
- Conducted trend analysis of financial statements; prepared year-end true-up depreciation entries and amortisation of intangibles.
- Ran SAP data into BPC (Business Planning & Consolidation), validated outputs, and provided management reporting explanations for monthly consolidation sign-off with onsite Finance teams.
- Managed Hyperion (HFM) consolidation submissions for US and UK entities, ensuring accuracy and compliance with group accounting policies.
