PROFESSIONAL SUMMARY

Lead Business Analyst with **9+ years of experience** in end-to-end **Requirements Gathering, Business Process Analysis**, and digital transformation delivery across **BFSI, Healthcare, and Insurance** domains.

Expertise in **Microsoft Power Platform** (Power Apps, Power Automate, Copilot Studio), **Azure**, and **Agile / Scrum** methodologies. Proven track record of producing complete documentation suites Business **Requirements Document (BRD)**, Functional Requirements Document (FRD), Functional Specifications, HLD, FDD, SRD, Use Cases, User Stories, Wireframes facilitating **Stakeholder Management, UAT, Data Analysis**, and driving measurable **Process Improvement** and **Business Intelligence (BI)** outcomes at enterprise scale. **PMP®** and **CCBA®** certified. BABOK-aligned BA practices with deep cross-functional collaboration across IT, business, compliance, and operations teams.

CORE COMPETENCIES

- Requirements Gathering & Elicitation | Business Process Analysis & Improvement | Stakeholder Management & Communication
- Agile (Scrum / Kanban) & Waterfall (SDLC) | Sprint Planning & Backlog Management | MoSCoW Prioritisation
- BRD, FRD, HLD, FDD, SRD, Use Cases, User Stories, Acceptance Criteria & Wireframes | Requirement Traceability Matrix (RTM)
- UAT Planning, Coordination & Defect Triage | Regression Testing & SIT | Process Flow Diagrams (BPMN)
- Gap Analysis & AS-IS / TO-BE Mapping | Change Management | RACI Matrix, RAID Log & Risk Management
- Power Apps Canvas | Power Automate | Copilot Studio (AI Agent Bots) | SharePoint | Azure | JIRA | Azure DevOps
- Digital Transformation — BFSI | Healthcare | Insurance | Financial Services

KEY SKILLS

- Requirements Engineering:** Requirements Gathering, Requirements Elicitation, Business Requirements Document (BRD), Functional Requirements Document (FRD), Functional Specifications, High-Level Design (HLD), Functional Design Document (FDD), System Requirements Specification (SRS/SRD), Use Cases, User Stories, Acceptance Criteria, Wireframes, Requirement Traceability Matrix (RTM)
- Business Analysis:** Business Process Analysis, Process Mapping, AS-IS / TO-BE Analysis, Gap Analysis, Impact Assessment, Business Process Model and Notation (BPMN), Workflow Analysis, Process Improvement, Change Management, Root Cause Analysis, Data Analysis, Business Intelligence (BI)
- Agile & Project Management:** Agile, Scrum, Kanban, Waterfall, SDLC, Sprint Planning, Backlog Refinement, Daily Stand-up, Sprint Review, Sprint Retrospective, MoSCoW Prioritisation, JIRA, Azure DevOps, Confluence, Project Charter, SOW, RACI Matrix, RAID Log, RFP, RFQ, RFI, RITM, Project Sponsor Engagement
- Stakeholder Management:** Stakeholder Engagement, JAD Workshops, Facilitation, Cross-functional Collaboration, Expectation Management, Stakeholder Sign-off, UAT Planning, UAT Coordination, Defect Triage, Test Cases, Regression Testing, System Integration Testing (SIT)
- Tools & Platforms:** Microsoft Power Apps (Canvas), Microsoft Power Automate, Copilot Studio, SharePoint, Microsoft Azure, Azure AD, Azure DevOps, Power Platform CoE Kit, ServiceNow, Figma, Visio, Lucid chart, Draw.io, Microsoft 365 (Teams, OneDrive, Outlook, Planner, Forms, SharePoint Online), MS Project (MPP)
- Domain Expertise:** BFSI —| Healthcare | Insurance

CERTIFICATIONS

- **PMI:** Project Management Professional (PMP®) — **Cert# 3660620**
- **IIBA®:** Certification of Competency in Business Analysis (CCBA®) — **IIBA® Certified**
- **PL-600:** Microsoft Power Platform Solution Architect Expert — **Cert# FQ64C7-D3C4A4**
- **PL-200:** Microsoft Power Platform Functional Consultant — **Cert# 401AAC-77FLFF**
- **MB-910:** Microsoft Dynamics 365 Fundamentals — **Cert# 1D61FD-XA6F26**
- **AZ-104:** Microsoft Azure Administrator Associate — **Cert# 514443-9B1BJ7**
- **AZ-900:** Microsoft Azure Fundamentals — **Cert# 63AC0B-14H414**
- **SC-900:** Microsoft Security, Compliance & Identity Fundamentals — **Cert# 41F51F-F676O1**

WORK EXPERIENCE

HCLTech

Lead Business Analyst — Lead Consultant | Sep 2022 – Present

- Led **4 cross-functional Agile squads** delivering enterprise **digital transformation** across **BFSI, Healthcare Insurance,** and Financial Services using **Microsoft Power Platform**, Azure, and Agile/Scrum acting as end-to-end Lead BA ensuring requirement quality, documentation completeness, and delivery alignment.
- Elicited and documented **functional and non-functional requirements** through **JAD workshops**, stakeholder interviews, focus groups, and document analysis; authored **Project Charter, SOW, BRD, FRD, HLD, FDD, SRD**, Use Cases, **User Stories**, Acceptance Criteria, and **Wireframes** for 6+ enterprise projects.
- Designed and delivered **screen flow wireframes**, role-based access specifications, field validations, and UI/UX interaction models for **Power Apps Canvas** applications across banking operations, healthcare insurance member portals, and financial services modules.
- Documented **Power Automate** workflow automation requirements account processing, claim routing, approval chains, and policy renewal flows defining **business rules** and trigger conditions to reduce delivery time and rework.
- Gathered **Copilot Studio** AI agent bot requirements covering conversation flows, **intent mapping**, escalation logic, and backend **system integration** points across healthcare and financial services modules.
- Facilitated all **Agile ceremonies** Sprint Planning, Backlog Refinement, Daily Stand-ups, Sprint Reviews, Retrospectives tracking sprint health via **JIRA** Burndown/Burnup charts across 15+ releases in **Azure DevOps**.
- Applied **MoSCoW prioritisation** during **backlog refinement** and managed full requirement lifecycle from elicitation through analysis, documentation, validation, and **stakeholder sign-off**; maintained **RTM** across all design, development, and testing phases.
- Coordinated **UAT** planning and execution test scenarios, entry/exit criteria, **defect triage**, **regression testing**, and **System Integration Testing (SIT)** achieving zero critical defect production deployments.
- Conducted **AS-IS / TO-BE gap analysis** and **business process mapping** using Visio, Draw.io, and Figma; improved requirement clarity by **40%** and operational efficiency by **25%** across banking and healthcare workflows.
- Supported pre-sales activities including **RFP, RFQ**, and **RFI** responses, and authored **RACI Matrix** and **RAID Log** for project governance across 6+ enterprise engagements.

Thryve Digital Health LLP

Senior Business Analyst | Aug 2021 – Sep 2022

- Elicited **functional and non-functional requirements** through **stakeholder workshops** and interviews with product owners, clinical teams, and insurance operations for 3 modules serving **500K+ members** across health claims, life policy issuance, patient appointments, and member eligibility.
- Produced end-to-end documentation **BRD, FRD, HLD, FDD, Wireframes**, Use Cases, and User Stories for **Power Apps Canvas** applications covering patient appointment booking, life policy renewal, and health insurance member portals.
- Documented **Power Automate** workflow requirements for healthcare automation including appointment reminders, **claim routing**, policy renewal notifications, and eligibility verification; reduced development back-and-forth by **20%**.
- Defined **SharePoint** data architecture requirements list schema, metadata, column configurations, permission structures enabling clean integration with **Power Apps** and Power Automate for end-to-end **healthcare data management**.
- Planned and coordinated **UAT** writing test cases, managing defect logs, and conducting **defect triage** achieving **UAT sign-off** before every production release with zero critical defect deployments.
- Performed **gap analysis** and impact assessments ensuring **100% HIPAA compliance**; maintained **RTM** covering 150+ requirements with zero coverage gaps in **JIRA**.
- Facilitated all **Agile / Scrum ceremonies** and served as **single point of contact** across business, development, and QA throughout the full **SDLC**, reducing scope creep and rework.
- Specified **non-functional requirements** scalability, security, **audit logging**, and **SLA compliance** and documented **business rules** and trigger conditions for backend automation.

Tata Consultancy Services Limited

Business Analyst | Feb 2017 – Jul 2021

- Conducted **requirement elicitation** via **JAD workshops**, stakeholder interviews, focus groups, and document analysis with banking operations, compliance officers, and IT architects across **3 major banking clients**.
- Authored complete BA documentation suite **BRD, FRD, HLD, FDD**, Gap Analysis, Wireframes, Use Cases, **Product Backlog, Sprint Backlog**, Test Cases, and **RTM** ensuring end-to-end requirement traceability across design, development, and testing.
- Gathered **functional and non-functional requirements** for **Power Apps Canvas** mobile and tablet banking applications screen flows, **role-based access**, field validations, offline capability, and UI interaction design enabling ambiguity-free development.
- Documented **Power Automate** workflow requirements covering account reconciliation, loan document routing, **approval chains**, and exception handling, enabling digitisation of **5 manual back-office banking operations**.
- Defined **SharePoint** data source requirements list schema, metadata, permissions, and integration with Power Apps and Power Automate supporting a centralised document repository for **200+ back-office staff**.
- Coordinated **UAT** for banking enhancements account **opening, KYC**, transaction processing, and **IVR automation** performing defect triage and regression tracking, achieving **zero critical defect** production deployments.
- Facilitated all **Agile ceremonies** Sprint Planning, Backlog Refinement, Daily Stand-ups, Sprint Reviews, Retrospectives tracking sprint health via **JIRA** Burndown/Burnup charts and **Azure DevOps** for transparent stakeholder reporting.
- Applied **MoSCoW prioritisation** with Product Owners; maintained **stakeholder communication** plan ensuring timely sign-offs and scope alignment.
- Conducted **AS-IS / TO-BE gap analysis**, facilitated **requirement sign-off workshops**, and developed **SOPs** and user guides for 50+ staff at go-live reducing account opening turnaround time by **15%**.

EDUCATION

Institution	University / Board	Degree	Year
Acharya Arts and Science College	Pondicherry University	Bachelor of Computer Applications (BCA)	2016
University of Madras	University of Madras	MBA — Working Professional	2020
